Instructions for Voting on the Automatic Voting Machine
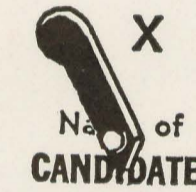

1. MOVE the RED Operating Lever Over to the Right Till the Bell Rings.
2. Locate your Political Party on the left side of the voting machine.
3. Turn a Voting Lever [Name of CANDIDATE] down over the names [Name of CANDIDATE] of the candidates of your political party for whom you wish to vote.
4. Leave your Voting Levers down in this position [Name of CANDIDATE]

IMPORTANT!

No votes are registered until the Red Operating Lever is returned to the left to open the curtains. If you wish to change any of your choices, you can do so by returning any Voting Levers to the unvoted position and turn down another for the same office while the voting machine curtains are closed.

If you wish to vote for some person whose name is not printed on the voting machine ballot, raise the slide directly above the office, and numbered correspondingly. A name may then be written in on the paper exposed by raising the slide.

5. Move the Red Operating Lever to the Left. This registers your vote and opens the curtains.

SAMPLE BALLOT

# NOTICE TO VOTERS: Leave Levers DOWN [Name of CANDIDATE]

Primary Election, Polk County, Iowa, June 3, 1980

Union Township

3

Jim Maloney
County Auditor and
Commissioner of Elections
