IFES Ltd. is implementing a year long Civic and Voter Education Project, funded by DFID. The aims of this project are:

Advance the knowledge regarding the voting process;

Promote awareness and knowledge of the role, function, and responsibility of the new municipal councils.

Educate citizens on techniques they can use to advocate for their own interests;

UNIFEM (The United Nations Development Fund for Women) has been working in Kosovo since 1999. Its main objective worldwide is to work for women's empowerment and gender equality. In Kosovo, our primary aim has been to promote women's political leadership and participation in public life. Women's participation is critical to building democracy and fostering social progress, and it is in the context of these goals, that this brochure has been produced.
