The **Official Election Pamphlet** is prepared and distributed by the Division of Elections each State General Election.

October 1986

Dear Alaskan Voters:

I am pleased to provide you with the 1986 edition of the **Official Election Pamphlet** and hope you will find the information contained in the pamphlet useful when exercising your right to vote in the General Election on November 4, 1986.

In the pamphlet you will find sample ballots, information about each of the ballot measures, the bonding proposition, professional review materials submitted by the Alaska Judicial Council on each judicial retention candidate, maps of districts, a list of polling places and absentee ballot information. In addition, candidates have provided biographical information and personal statements on issues. These pages are written and purchased by the candidates themselves. Those candidates who do not appear in this pamphlet have chosen not to purchase space.

Sincerely,

Sandra J. Stout
Director of Elections

VOTERS WITH SPECIAL NEEDS

IF YOU HAVE DIFFICULTY IN VOTING because of physical disability or handicap, difficulty reading or writing English, or for any other reason, you may bring anyone you choose to help you at the polls. The person you bring can go into the voting booth with you, if you like. This is your right under federal law.

NON-ENGLISH SPEAKING VOTERS:

- **Bilingual assistance** is available at many polling places throughout the State. Let the Division of Elections know if you will need this service when you vote.
- **If you need help in voting because you have difficulty reading or writing English**, or for any other reason, you may bring anyone you choose with you to the polls to help you.

HEARING IMPAIRED VOTERS:

- The Division of Elections now has a special TTY telecommunications device which allows deaf or hearing impaired voters to get general information about the elections by calling 465-3020

VISUALLY IMPAIRED VOTERS:

- **Magnifying ballot viewers** for the visually impaired will be made available at all polling places.
- **Audio tape recordings of the 1986 Official Election Pamphlet** are available from the Alaska State Library Services for the Blind and Visually Handicapped, located in Anchorage. You can telephone them at 561-1003 for information.

PHYSICALLY DISABLED VOTERS:

- **If you have difficulty gaining access to your polling place**, please let the Division of Elections know. We are making every effort to ensure that polling places are handicapped-accessible.
- **Don't forget that you can vote absentee by mail or at home through a personal representative.** Information about these methods of voting is given in the preceding pages.

THE ALASKA PERMANENT FUND

ALASKA PERMANENT FUND

A Public Trust Investing for Alaska's Future

The Alaska Permanent Fund was created in 1976, when the voters agreed to amend the state Constitution to require that at least 25% of all the state's mineral royalties and bonuses be saved, rather than spent. Since then, the legislature has made three special appropriations to the Permanent Fund, including one which transferred the Fund's entire undistributed income account (\$1.26 billion) to the principal, effective July 1, 1986.

This year, for the fifth consecutive year, the Fund exceeded its long-term goal of a 3% realized real rate of return. In fact, the 10.79% earned after inflation in fiscal 1986 was the highest in the history of the Fund.

The Permanent Fund is made up of two parts: principal and income. Principal is the main body of the trust. Income is the money earned from the investment of the principal. Since fiscal 1983, all Fund net income has been added to principal or used to pay dividends.

Expenditure of the principal is prohibited by the state Constitution. There is no prohibition on the expenditure of Fund income.

Net income earned in fiscal 1986 was \$1.02 billion, including \$323 million in capital gains. Of this, \$303 million was paid out as dividends, \$216 million was added to principal for inflation-proofing, and the rest was added to principal as part of the 1986 special appropriation of the Fund's undistributed income.

PRINCIPAL

*as of July 1, 1986

NET INCOME

Use of Fund Earnings

The decisions about what to do with the earnings of the Fund were made in 1982, when the legislature created the dividend program, inflation-proofing, and the undistributed income account.

These decisions were modified slightly when the 1986 legislature approved a minor change to the dividend program, effective with next year's payment, and renamed the undistributed income account the earnings reserve account.

Current law provides for use of the annual earnings as follows:

First, to pay dividends. Each year, one-half of the Fund's net income, averaged over five years, is distributed directly to all the citizens of Alaska who make application and qualify. (Note: The 1986 legislature changed the five-year averaging provision to 21% of five years' income, effective with next year's dividend.)

Second, to inflation-proof the Fund. Each year, net income in an amount sufficient to offset the rate of inflation is added automatically to principal. Inflation this year was 3.57%.

Third, after both of the above are provided for, any income remaining is retained in the Permanent Fund in what used to be called the undistributed income account, now called the earnings reserve account.

The Fund's future growth rate, and its ability to produce increased income in the years ahead, will be determined largely by the state's ability to continue adding to principal in the future. Current projections, which assume additions of future inflation-proofing amounts to principal, indicate that the Fund will be producing \$1.5 billion in annual net income by the year 2000, and \$2 billion per year by 2005.

ALASKA PERMANENT FUND

Management of the Fund

To separate the savings account from spending, the Permanent Fund is managed as a public corporation. The public corporation is known as the Alaska Permanent Fund Corporation. It was established by the legislature in 1980, and has three goals: (1) save a portion of the state's one-time oil wealth to benefit all generations of Alaskans; (2) protect those savings from loss of value; and (3) invest those savings to produce income for uses provided by law.

Within a statutory framework, policy is decided independently by a board of six trustees. Day-to-day operations are carried out by an executive director and an 11-person staff. Additionally, equity investment firms, real estate advisors and custodial banks assist the Corporation on a contractual basis.

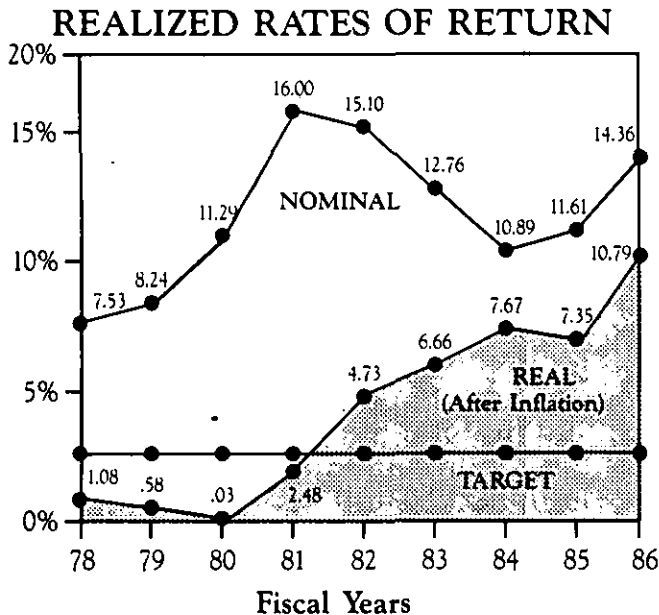

The dividend program is not administered by the Corporation. It is administered by the Department of Revenue. The Corporation's responsibility is to transfer the money required for the dividend distribution, to the state, in September of each year.

In accordance with the Prudent Investor Rule, the trustees have adopted a conservative investment strategy for the Permanent Fund. Assets are invested according to the following allocation: bonds—76%; stocks—17.5%; and real estate—6.5%.

The trustees make Alaskan investments to the extent in-state investments are available, provided the risk levels and expected yields are comparable to alternate investment opportunities. Approximately \$350 million, about 5%, of the Permanent Fund is committed to investments in Alaska.

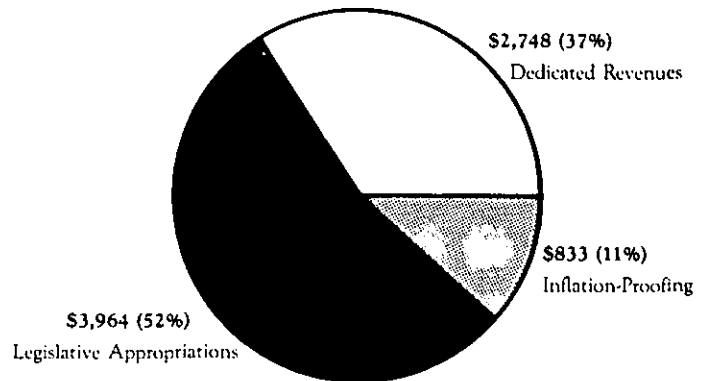

For more information about the Fund's operations, or to be added to the mailing list for monthly financial statements and annual reports, write to:

MESSAGES FROM POLITICAL PARTIES

ALASKA DEMOCRATIC PARTY

The Party that puts Alaskans first

The Alaska Democratic Party is the party of statehood—the party of our heritage and of our future. It is more than a special group of people with narrow interests—the interests of the Alaska Democratic Party are the same as those of all Alaskans: long term, stable economy and new jobs, fair and equitable treatment for all, a decent standard of housing and living, and an education that prepares future generations of Alaskans for the challenges ahead.

Look at what the Alaska Democratic Party has done:

- **The ADP has consistently been the party that puts Alaskans first:**
 - By fighting for Subsistence rights and local control of natural resources;
 - By developing and adopting effective local hire legislation;
 - By demanding equal treatment from the federal government.
- **The ADP has consistently been the party of Economic Development:**
 - By strongly supporting tourism promotion and development;
 - By negotiating the first Alaska-Canada salmon treaty;
 - By pushing for public/private partnerships to develop our minerals.
- **The ADP has consistently been the party of Open Government:**
 - By establishing the APOC and resisting efforts to kill it;
 - By demanding open meetings and public access to the legislature;
 - By writing tough legislative and executive branch ethics laws.
- **The ADP has consistently been the party of the Future:**
 - By creating the Permanent Fund;
 - By protecting it from attempts to erode our legacy;
 - By not being afraid to make tough decisions with long term benefits.

This is some of what the Alaska Democratic Party stands for—some of what we believe. Equal and fair treatment for all, justice, honesty and vision for the future.

The Alaska Democratic Party does not believe that people should expect government to take care of their every need or want, but we expect government to protect those Alaskans who through no fault of their own need help to become productive citizens.

When you compare the three parties, I'm sure you'll see why more people in this state who choose parties, choose the Democratic Party. We hope you'll consider doing that also.

Sincerely,

Jack Roderick, Chair

Hilda Woods, Treasurer
Carolyn Covington, Recording Secretary
William Bobrick, Executive Director

ALASKA REPUBLICAN PARTY

Make a Commitment to Alaska

JOBS FOR ALASKANS

- Make sure local residents have a fair chance for good jobs.
- Use state government to promote the creation of new jobs.
- To support private sector job creation rather than government expansion.
- Support job retraining programs for a changing job market.

NO NEW TAXES

- Some of our opponents are crying for a return to the income tax or are trying to dream up new ways to take money from the working people of Alaska and the companies that employ them.
- We recognize that the State of Alaska has suffered a loss of revenue because of oil price declines. But an immediate decision to raise somebody's taxes is the wrong answer to the problem.
- We support a stable tax policy.
- Alaska's leaders should be looking first at tightening up on state spending, reducing duplication in government and eliminating unnecessary, politically-inspired programs.

Vote

and Her People

PROTECT THE PERMANENT FUND

- The Permanent Fund was created to be **OUR** share in Alaska's future.
- We should be preserving it to assure a bright future.
- The Permanent Fund can be run to assure a sound economy for our state for years to come.

OUR COMMITMENT

- To quality education.
- To a strong economy.
- To tough law enforcement.
- To effective government.
- To preserving our precious native cultural heritages.
- To eliminate unnecessary regulations that keep private industry from creating jobs.
- To sound use of natural resources.
- To opening new markets for Alaskan products.
- To defending American values.

Republican

Alaska Libertarian Party

Alaska Libertarian Party • Minnesota & Benson • Box 104073 • Anchorage AK 99510 • (907)-258-1445

Why should you vote for Alaska Libertarian Party Candidates?

Libertarians believe—really believe—in **freedom**: Freedom to live your life as you decide, so long as you do not aggress against others.

Republicans and Democrats believe in **control**: Control over how you live your life, how you spend your money, how you use your property. Unlike Libertarians, they think its O.K. to **aggress . . . against you!** The only disagreements between Republicans and Democrats are over what should be controlled; there's no real difference in **principle**—both are **authoritarians**—both believe in government aggression against the individual to achieve their goals.

Libertarians believe most people can solve their own problems if allowed to keep the money they've earned, and allowed the **freedom** to make their own decisions. **No one** is better qualified than **you** to decide what is **important**—what is **valuable**—to **you!**

Republicans and Democrats are **elitists**: they believe **you are too stupid** to make your own decisions.

Libertarians believe the sole purpose of government is to protect the rights of individuals. Republicans and Democrats recognize no limits to the functions and powers of government.

If you are tired of the "same old thing" then **stop voting** for the "same old thing"! **Vote Libertarian!**

And what if there is no Libertarian Party candidate to vote for? We encourage you to write in "**None of the above.**" It will not keep any corrupt politicians out of power, but **they will know you do not approve** of their corruption (and it will make you feel better, too)!

If you think government is too big, too wasteful, too powerful, too corrupt, then **vote Libertarian**: We don't want power over **YOUR LIFE**, only over **our own!**

BONDING PROPOSITION A

STATE GUARANTEED VETERANS RESIDENTIAL MORTGAGE BONDS \$600,000,000 (Ch.134, SLA 1986)

This proposition would authorize the Alaska Housing Finance Corporation to issue up to \$600,000,000 in revenue bonds which are unconditionally guaranteed by the state for the payment of principal and interest. Bonds would be issued for the purpose of purchasing residential mortgages of qualifying veterans. A "qualified veteran" is defined by law.

Shall the State of Alaska unconditionally guarantee as a general obligation of the state, the payment of principal of and interest on revenue bonds of the Alaska Housing Finance Corporation issued in the principal amount of not more than \$600,000,000 for the purpose of purchasing mortgages made for residences for qualifying veterans, as defined by law?

BALLOT MEASURE NO. 1

RECONSIDERATION OF CONSTITUTIONAL AMENDMENT LIMITING INCREASE IN APPROPRIATIONS (2d FCCSSJR 4; Leg. Res. 1, FSSLA 1981)

In 1982 the voters adopted an amendment to the Alaska Constitution which limits the amount of money that the legislature may appropriate. The 1982 amendment provided for reconsideration of the limit by the voters at this general election. Article IX, sec. 18, of the Alaska Constitution limits appropriations for a fiscal year to \$2.5 billion, adjusted annually for changes in population and inflation since 1981. At least one-third of the limitation amount is reserved for appropriations for capital projects and state loan programs. The remainder (up to two-thirds) may be spent for governmental operations. Appropriations to the Alaska Permanent Fund and appropriations or bond authorizations for capital projects may exceed this limit if they are not vetoed by the governor and are approved by the voters. The limit could also be exceeded to meet a state of disaster declared by the governor. The limit would not apply to appropriations for permanent fund dividends, general obligation bond payments, or for appropriations from revenue bond proceeds.

Constitutional Amendment LEGISLATIVE ANNULMENT OF ADMINISTRATIVE REGULATIONS (1986 Legislative Resolve No. 60, HCS SJR 40 [Jud] am H)

This amendment of the Alaska Constitution would permit the legislature to annul executive branch regulations by passing a resolution that is not subject to veto by the governor or repeal by referendum. The annulment would become effective 30 days after passage by the legislature, unless the resolution sets a different date. The resolution must have three readings in each house on separate days, except that it may be advanced from second to third reading on the same day by a three-fourths vote of the house considering it. The resolution must receive approval of a majority of the membership of each house. The yeas and nays on final passage must be entered in the legislative journals.

BALLOT MEASURE NO. 3

ADVISORY VOTE ON LONGEVITY BONUS ANNUITY PROGRAM (Ch. 99 SLA 85, SB56)

The Fourteenth Alaska State Legislature considered two alternatives to the present longevity bonus program. Both were adopted into law, but neither will take effect unless the legislature chooses one of them. The legislature has asked for an advisory vote of the public on the annuity option which is described below.

The annuity option provides that every individual who reaches age 65 by January 1, 1988, including those already receiving the bonus, would receive a longevity bonus payment of \$250 per month. In addition, a person under age 65 on January 1, 1988, could participate in an optional annuity program by depositing all or part of his or her permanent fund dividends in an account held by the state. Upon reaching age 65, a person would receive a monthly payment in an amount determined by how much was contributed to the account. The annuity payments would be supplemented with declining longevity bonus payments paid for with general funds until the annuity accounts were large enough to provide monthly payments of \$250 a month.

The second option provides that every individual who is 65 years old by January 1, 1988, including those already receiving the bonus, will receive a longevity bonus payment of \$250 per month, but that anybody younger than age 65 by January 1, 1988, would not be eligible for benefits.

Should the legislature adopt the annuity option?

State Guaranteed Veterans Residential Mortgage Bonds \$600,000,000

(Ch. 134, SLA 1986)

SCOPE OF PROJECT

This proposition would authorize the Alaska Housing Finance Corporation to issue up to \$600,000,000 in revenue bonds which are unconditionally guaranteed by the state for the payment of principal and interest. Bonds would be issued for the purpose of purchasing residential mortgages of qualifying veterans. A "qualified veteran" is defined by law.

BALLOT QUESTION

Shall the State of Alaska unconditionally guarantee as a general obligation of the state, the payment of principal of and interest on revenue bonds of the Alaska Housing Finance Corporation issued in the principal amount of not more than \$600,000,000 for the purpose of purchasing mortgages made for residences for qualifying veterans, as defined by law?

LEGISLATIVE AFFAIRS AGENCY SUMMARY

(HB 533)

Approval of the proposal would authorize the Alaska Housing Finance Corporation to issue revenue bonds unconditionally guaranteed by the state in the principal amount of \$600,000,000 or less for the purchase of residential mortgages for qualifying veterans. This proposal provides that in the event of a default the state would pay the principal and interest on these bonds. The state's liability for these bonds would be limited to the principal amount of the bonds up to \$600,000,000, plus interest. A qualifying veteran is a person who is a "qualified veteran" under 26 U.S.C., Sec. 103A.

LEGISLATIVE AFFAIRS AGENCY SUMMARY

Constitutional Amendment
(2d FCCSSJR 4; Leg. Res. 1, FSSLA 1981)

This proposition will continue the effect of the appropriations limit under the Constitution of the State of Alaska that was approved November 2, 1982. If this proposition is rejected the appropriation limit is repealed.

Under this proposition the limit for a fiscal year would continue to be \$2,500,000,000 plus an amount representing cumulative changes in population and inflation from July 1, 1981, to the fiscal year in question. Within the limit on appropriations one-third of the amount available to be appropriated would continue to be reserved for capital projects and loan appropriations.

The following appropriations would continue to be exempt from the limit on appropriations:

1. an appropriation for Alaska permanent fund dividends;
2. an appropriation of revenue bond proceeds;
3. an appropriation to pay principal and interest on state general obligation bonds;
4. an appropriation of money received from non-state sources in trust for specific purposes;
5. an appropriation to the Alaska permanent fund if the appropriation bill is approved by the governor, becomes law without the signature of the governor, or is passed by a three-fourths vote of the membership of the legislature over the veto of the governor; and is approved by the voters as prescribed by law;
6. an appropriation for capital projects if the appropriations bill is confined to projects of the same type; is approved by the governor, becomes law without the signature of the governor, or is passed by a three-fourths vote of the membership of the legislature over the veto of the governor; and is approved by the voters as prescribed by law after the voters are informed of the cost of operations and maintenance of the proposed projects; and
7. an appropriation to meet a state of disaster declared by the governor, as prescribed by law.

BALLOT MEASURE NO. 1

FULL TEXT OF PROPOSED CONSTITUTIONAL AMENDMENT

SECTION 16. APPROPRIATION LIMIT. Except for appropriations for Alaska permanent fund dividends, appropriations of revenue bond proceeds, appropriations required to pay the principal and interest on general obligation bonds, and appropriations of money received from a non-State source in trust for a specific purpose, including revenues of a public enterprise or public corporation of the State that issues revenue bonds, appropriations from the treasury made for a fiscal year shall not exceed \$2,500,000,000 by more than the cumulative change, derived from federal indices as prescribed by law, in population and inflation since July 1, 1981. Within this limit, at least one-third shall be reserved for capital projects and loan appropriations. The legislature may exceed this limit in bills for appropriations to the Alaska permanent fund and in bills for appropriations for capital projects, whether of bond proceeds or otherwise, if each bill is approved by the governor, or passed by affirmative vote of three-fourths of the membership of the legislature over a veto or item veto, or becomes law without a signature, and is also approved by the voters as prescribed by law. Each bill for appropriations for capital projects in excess of the limit shall be confined to capital projects of the same type, and the voters shall, as provided by law, be informed of the cost of operations and maintenance of the capital projects. No other appropriation in excess of this limit may be made except to meet a state of disaster declared by the governor as prescribed by law. The governor shall cause any unexpended and unappropriated balance to be invested so as to yield competitive market rates to the treasury.

SECTION 26. APPROPRIATIONS FOR RELOCATION OF THE CAPITAL. If a majority of those voting on the question at the general election in 1982 approve the ballot proposition for the total cost to the State of providing for relocation of the capital, no additional voter approval of appropriations for that purpose within the cost approved by the voters is required under the 1982 amendment limiting increases in appropriations. (art. IX, sec. 16).

SECTION 27. RECONSIDERATION OF AMENDMENT LIMITING INCREASES IN APPROPRIATIONS. If the 1982 amendment limiting appropriation increases (art. IX, sec. 16) is adopted, the lieutenant governor shall cause the ballot title and proposition for the amendment to be placed on the ballot again at the general election in 1986. If the majority of those voting on the proposition in 1986 rejects the amendment, it shall be repealed.

SECTION 28. APPLICATION OF AMENDMENT. The 1982 amendment limiting appropriation increases (art. IX, sec. 16) applies to appropriations made for fiscal year 1984 and thereafter.

LEGISLATIVE AFFAIRS AGENCY SUMMARY

(HCS SJR 40 (Jud) am H)

This proposal for a constitutional amendment would allow the legislature to annul a regulation adopted by a state department or agency by its adoption of a concurrent resolution. Under the present provisions of the constitution, the legislature may annul a regulation only by the enactment of a bill that is subject to the veto of the governor; if the governor vetoes the bill, the constitution now requires a two-thirds affirmative vote of the legislature assembled in joint session to override the veto.

If the legislature adopts a concurrent resolution to annul a regulation under the authority proposed here, the annulment would be effective thirty days after the date the concurrent resolution is approved by both houses unless the resolution specified a different date. The concurrent resolution would not be subject to the veto of the governor. Adoption would require three readings in each house on three separate days except that it may be advanced from second to third reading on the same day by the concurrence of three-fourths of the membership of the house considering it. Adoption would require approval by a majority vote of each membership of each house. The vote on final passage must be entered into the journal.

FULL TEXT OF PROPOSED CONSTITUTIONAL AMENDMENT

(This amendment would add the following section to article II of the Alaska Constitution.)

SECTION 22. ANNULMENT OF REGULATIONS. The legislature by concurrent resolution may annul a regulation adopted by a state department or agency. The annulment of the regulation is effective thirty days after the date the concurrent resolution is approved by both houses unless the concurrent resolution specifies a different date. The concurrent resolution requires three readings in each house on three separate days, except that it may be advanced from second to third reading on the same day by concurrence of three-fourths of the house considering it, and approval by a majority vote of the membership of each house. The yeas and nays on final passage shall be entered into the journal.

BALLOT MEASURE NO. 2

STATEMENT IN SUPPORT OF BALLOT MEASURE NO. 2

The issue is basically simple: should bureaucrats or the Legislature be the ultimate lawmaking authority?

All 60 members of the Legislature (40 House and 20 Senate) are elected by the people. They are all voted into, and out of, office by individual voters. The Alaska Constitution says, "The legislative (i.e., lawmaking) power of the State is vested in a Legislature consisting of a Senate... and a House of Representatives..." The Legislature proposes, considers, and enacts laws, known collectively as the Alaska Statutes (if general and permanent) or as the Session Laws of Alaska (if specific and temporary).

All bureaucrats who promulgate (i.e., enact and enforce) regulations (theoretically, to put laws into effect) are in the Executive Branch, headed by the Governor. Bureaucrats are not voted into office and thus cannot be removed by the people. Instead, bureaucrats are hired by the Governor or by his/her appointees, and thus can only be removed from office by the Governor or by somebody answerable to him/her. However, the regulations promulgated by the bureaucrats, known collectively as the Alaska Administrative Code, have the force of law and affect all of us, sometimes adversely.

What can be done about a law that's bad? It can be repealed by the Legislature or, in some cases, by the people directly via an initiative petition.

What about a regulation that's bad? It can only be repealed by the bureaucrats who promulgated it, up to and including the Governor. If the Legislature tries to repeal a regulation by passing a bill, the Governor will almost certainly (and always has, in the past) veto the bill so that the bad regulation stays in full force and effect.

Now, if the Legislature had the power to repeal regulations by passing a concurrent resolution (instead of a bill), then the resolution could not be vetoed by the Governor. Thus, the Legislature would be able to get rid of bad regulations, which in effect it cannot do now.

Would this give the Legislature too much power? Not hardly. Since the Legislature already has full power to enact laws, why shouldn't it have full power to repeal all laws, including regulations?

Why do Governors and bureaucrats oppose giving the Legislature such regulatory repeal power? Because Governors and their handpicked bureaucrats, which are answerable **only** to the Governor (and cannot be removed by the people, which can remove Legislators), don't want to lose the power they now have to promulgate and enforce any regulation they want. It's that simple.

If you feel that the Legislature should have the power to repeal regulations via concurrent resolution (not vetoable by the Governor), vote **FOR** the ballot measure. If you feel that bureaucrats should be the ultimate lawmaking authority, vote otherwise.

I recommend that you vote **FOR**. Only in this way will we realistically be able to get rid of bad regulations.

Andre Marrou
State Representative

STATEMENT OPPOSING BALLOT MEASURE NO. 2

For the third time in six years, the legislature insists on confronting the voters with a proposed constitutional amendment giving the legislature a short-cut to law-making—another attempt by the legislature to concentrate governmental power in its own hands. The voters rejected a similar proposal in 1980 and the identical proposal in 1984. It should be rejected again.

Under the current constitution and statutes, the legislature has all the power it needs to make laws and to limit or guide the adoption of administrative regulations. Regulations are adopted to implement statutes. They have the force of law. Annulling them changes the law. This proposal would enable legislators to use a law-making procedure that is not subject to veto by the governor or repeal by referendum, and that would be used to ignore the prohibition against special and local legislation.

The constitution now provides for a balance of power between the legislative, executive, and judicial branches of the government. This balance requires a blending or sharing, as well as a dividing, of governmental responsibilities. If this constitutional amendment were to be approved by the voters, it would enable the legislature not only to write the laws, as has traditionally been the legislature's function, but it would also enable the legislature to act in place of the courts in deciding whether the executive has lawfully executed the laws when adopting a regulation, and it would empower the legislature to act in place of the executive by reversing a specific executive-branch decision.

In its intent statement accompanying this proposal, the legislature admitted that the "difficulty in achieving [the two-thirds] majority [to override a veto] in opposition to the governor and the governor's administration has led the legislature to propose this amendment." In other words, the fear that the governor might veto a bill and that not enough legislators would agree to override that veto prompted this short-cut approach to law-making. That fear overlooks the governor's accountability to the voters throughout the state.

The annulment is like a repeal. The legislature would act only in a negative way. It would not be providing the sort of policy guidance and direction that is appropriate to its law-making function. The legislature would be saying to the agency "your decision to adopt that regulation is wrong." But it would not be telling the agency what would be right. This is especially troublesome when dealing with a complex subject. Without any guidance beyond the statute that the executive-branch agency was trying to implement in the first place, the agency is left with only the option to guess again. That is neither an efficient nor appropriate way to run the government.

The Alaska Supreme Court has ruled that the legislature must abide by the constitution's checks and balances on its power, including when it acts to annul regulations. The present proposal is intended to overrule the court's decision. As mentioned when the voters rejected the 1980 and 1984 proposals, this amendment would aid legislators, not the public, and it should be rejected.

Constitutional Convention, 1955-1956

BALLOT MEASURE NO. 3

STATEMENT IN SUPPORT OF BALLOT MEASURE NO. 3

The annuity plan is designed to assist Alaskans in retaining and continuing the longevity bonus concept.

It appears, by personal choice, to be the only way additional Alaskans can continue to qualify and then receive the bonus through the means of an annuity.

In these times of economic stress, the enactment of an annuity plan would lessen the present financial burden the state is carrying under the plan presently in effect.

Besides providing a retirement plan for Alaskans of all ages, no matter whether they are employed by the state or the private sector, continuing the bonus will help keep people off welfare and in their own homes.

It's your choice, just like the annuity would be your choice. You may not personally need the help it will provide, but thousands of other Alaskans certainly do.

Bill Ray
State Senator

STATEMENT OPPOSING BALLOT MEASURE NO. 3

In the simplest words possible, the Annuity Program would give every Alaskan the choice of banking their permanent fund dividend in yet another State controlled pension fund or simply receiving the dividend. It is offered as an apology to all the people who will not be 65 years or older on January 1st, 1988 and will not be able to participate in the current Longevity Bonus Program.

The Annuity Program is simply a smoke-screen for what your Legislator is afraid to tell you. That is we can no longer afford the Longevity Bonus Program since the Supreme Court ruled that we cannot limit the Bonus only to Alaskan Pioneers (residents before Statehood).

The Longevity Bonus costs \$50 million annually and is growing by leaps and bounds since the court threw open the doors two years ago. If you are 65 years old and resident for one year, you are eligible for the \$250 per month bonus. These simple requirements make it astonishingly easy to cheat. Alaskans should question just how much of the annual \$50 million giveaway is flying south every month. The largess of the Longevity Bonus is what caused the Legislature to dream up the Annuity Program alternative.

We don't need an Alaskan version of the Federal Social Security System. Invest your Permanent Fund Dividend in any Individual Retirement Account (IRA) and you will exceed all the benefits and security that the Annuity Program will have to offer. There are thousands of private IRAs and pension funds to invest in that offer you a lot more flexibility and control over your own money than the proposed Annuity Program.

In a letter from Governor Sheffield to House Speaker Grussendorf on June 17, 1985* the Governor said the proposed Annuity Program "...could be taxable...an individual has no vested property right...no ability to withdraw contributions or earnings...no ability to transfer or rollover to another plan..." and "There is no option for an individual to manage or direct the investment." The Governor went on to say that "It is hard to see who would utilize the Annuity Program" and "It is conceivable that the program would be such a failure that the administration costs would totally consume the contributions..."

A "NO" vote on Ballot Proposition No. 3 would send a clear signal to the next Legislature that we don't want another tax supported retirement plan. We need to phase-out or "stair step" away from the well intended but fiscally irresponsible Longevity Bonus Program.

Alaskans pride themselves on being individuals. Being an individual means freely managing our own affairs including our own retirement. Individualism does not mean living to retire off the sweat and taxes of other Alaskans.

Vote "NO" on Ballot Proposition #3.

BALLOT MEASURE NO. 3

Using current forecasts of Alaska's population and economy, the State Office of Management and Budget estimates that between now and the year 2002, the General Fund costs of the annuity option will be \$774 million, compared to the General Fund costs of the second option of \$521 million. After the year 2002, the annual costs of both options will be identical, and in both cases will decline. By about the year 2034, General Fund payments under both programs will have been completely phased out.

If you are planning to be away from your precinct on Election Day, November 4, 1986, you are entitled to vote an absentee ballot in person at several sites around the state. Turn to page 5 for a list of these voting stations.

HAS YOUR NAME CHANGED?

State law requires that you must update your voter registration at least 30 days before an election in order to vote under your new name. If you haven't updated your voter registration, you may vote under your previous name under which you are still registered. Voting under a name other than that on your registration record will result in your vote not being counted.

EDUCATION:

High School—Benton Harbor High School; 1961-1963; diploma
Technical/Vocational—U.S. Air Force Radar Maintenance; 1966; diploma; Eastman Kodak technical training; several dates and locations

MILITARY SERVICE: U.S. Air Force; 3½ years; Sergeant; served in Mississippi, Alaska, and Michigan

POLITICAL AND GOVERNMENT POSITIONS: Libertarian National Committeeman, 1985-present; Member, Alaska Libertarian Party Executive Board, 1984-present; Member, Fairbanks Libertarian Party Executive Board, 5 years

BUSINESS AND PROFESSIONAL POSITIONS: Currently employed by Eastman Kodak, Position: Field Engineer

SPECIAL INTERESTS: Alternative energy, and a self-sufficient lifestyle

STATEMENT:

Your vote for a Libertarian candidate means you do not want more of the same—continuing tax increases, and government intervention in your life. Individual liberty is the issue. I hold that all individuals have the right to exercise sole dominion over their own lives, and have the right to live in whatever manner they choose, so long as they do not forcibly interfere with the equal right of others to live in whatever manner they choose. We can return to individual liberty in this country if we:

Abolish the IRS

The Internal Revenue "Service" is among the most destructive of the government intrusions into our life. We are virtually slaves to the government to support the ongoing spending orgy.

Privatize Government Holdings

We can eliminate the deficit and increase economic prosperity by selling government land (government has no business owning land); corporations (railroads, etc.); services (Postal Service, etc.). Private enterprise has always proved to be more efficient at management of its resources. Services that are not profitable should be provided by concerned charitable organizations.

Adopt a Foreign Policy of Non-intervention

We are alienating people around the world with our policy of intervening in their affairs. I am convinced this is a major contributing factor to the rise in world terrorism.

End the Destructive War Against Victimless Crimes

Armed government officials on all levels are forcibly interfering with individuals peaceful pursuit of life, liberty, and happiness. Individual responsibility for our own actions is the answer.

MILITARY SERVICE: U.S. Coast Guard, 2 years

POLITICAL AND GOVERNMENT POSITIONS: United States Senator, 1981-present; Chairman, Veterans' Affairs Committee; Chairman, East Asian and Pacific Affairs Subcommittee, Senate Foreign Relations Committee; Chairman, Water and Power Subcommittee, Energy and Natural Resources Committee; Chairman, Senate Republican Conference Task Force on International Trade Policy; Committee on Intelligence; Committee on Indian Affairs; Caucus on International Drug Control; Commissioner of Economic Development, State of Alaska, 1967-1970

BUSINESS AND PROFESSIONAL POSITIONS: Former President, Alaska Bankers Association; Former President, Alaska Chamber of Commerce; Young President's Organization

SERVICE ORGANIZATION(S) MEMBERSHIP: National Rifle Association; Pioneers of Alaska; American Legion; Elks; Alaska Conservation Society

SPECIAL INTERESTS: Hunting and fishing in Alaska

STATEMENT:

As your U.S. Senator, I'm developing ways to strengthen and diversify our economy, including: authoring the federal local hire law for Alaska; opening export markets in the Pacific Rim; clearing way for export of Cook Inlet oil; restricting foreign fishermen from fishing off our shores; increasing federal highway maintenance funds; promoting tourism; and cutting unnecessary bureaucratic delays enabling Alaskans to create new jobs.

My Arctic Science Policy Act allows us to make responsible decisions about development, while safeguarding our ecology and environment.

I firmly support a strong national defense and am working toward nuclear arms reduction. Another priority for me is improving Alaska's defense, like the Light Infantry Division and AWACS. As Veterans Committee Chairman, I've worked to ensure adequate health care and other benefits for veterans, and I'm working to account for our MIA's.

I cosponsored the balanced budget law and tax reduction act. I support continued federal funding for education, for assistance to our truly needy, and for fighting the drug influence on our youth.

I've taken a leadership role in the "1991" issue to ensure that our Native people can make decisions concerning their future, while safeguarding the interests of all Alaskans.

Alaska's future today is as bright as ever. Our current economic challenge means new opportunities, and as a 44-year Alaska resident, I know Alaskans will find those opportunities and continue to prosper.

I'm confident that by working together, we can shape the destiny of our state for the benefit of future generations of Alaskans.

OTHER: Ordained Methodist Minister

STATEMENT:

Alaskan Advocate

Ignorance and neglect in Washington, D.C., of Alaska's unique position, history, resources, needs and contributions to the nation and world must be changed. Prohibition of oil export to Japan, legislation forbidding oil exploration in ANWR, establishing the Arctic Research Council in California, and attempts to separate Alaska's Integrated Defense Command show how little Washington understands Alaska.

The Deficit

Congressional duty to balance the budget has been shirked. Buying economic health, employment or national security on credit is deceptive, contradictory and immoral.

Defense

Threatened by nuclear blackmail, with freedom at risk, we must sustain a strong defense. But our burgeoning, overkilling nuclear deterrence goes beyond reason and necessity.

Meantime, Alaska lacks the conventional strength its strategic position requires.

Veterans

Those who defended us with their lives must be defended against the present Senate leadership's breaking our nation's pledge of medical and support services.

Native Land Claims

ANCSA's 1971 goals included legitimate land ownership with viable and alternative lifestyles for Alaska's Natives. Amendments that strengthen those objectives should be supported.

Health, Education and Human Welfare

Effective education and training is excellent insurance for tomorrow. Services essential to public health and welfare must be maintained. Human welfare is an achievement, not a gift.

The world's problems are Alaska's opportunities. We need fresh ideas, courageous legislation, and honest, hard-working leaders. My life—in service to four Presidents, as United Nations Ambassador, and leading University communities—has demonstrated these qualities. I wish now to serve Alaskans as our voice in the U.S. Senate.

SPECIAL INTERESTS: Co-Chair, Center for Alcohol and Addiction
Studies, University of Alaska; Coordinator, Greater Anchorage Cancer
Crusade; Board of Directors, Alpine Alternatives

STATEMENT:

Alaskans are facing economic uncertainty due to falling oil prices and declining revenues. To face the challenges of the future, Alaskans need and deserve strong leadership in Congress. We must find innovative solutions to bolster our economy and provide stability for all Alaskans.

As our dependence on oil wanes, we must rely on our renewable resources to provide employment opportunities. Since Alaska is the site of the world's richest salmon fishery and the provider of two-fifths of the nation's harvested fish, I will aggressively pursue the Americanization of our fisheries. Alaskans must reap the benefits of this major resource.

Our timber industry can provide stable employment for Southeast residents if permanent solutions are found to the problems of Southeast pulp mills. New markets for those products must be found and economic diversity must be promoted in that area to ensure a stable, year-round economy.

Tourism plays a vital role in Alaska's economy. My plan to ensure the growth of that industry includes modification of visa laws, allowing foreign visitors stop over time in Anchorage, permit foreign built cruise ships to base and transport within Alaska, and coordinate state and federal agencies to assure benefits to Alaska's tourist industry.

As Alaskans, we strive for equality and opportunity for all. The federal government must guarantee these rights. We must meet the challenge and provide excellence in our education system. Our children are our future and we must meet all their educational needs to sustain the promise of a bright future for all.

POLITICAL AND GOVERNMENT POSITIONS: Citizen Activist; Volunteer registered lobbyist for citizens groups statewide

BUSINESS AND PROFESSIONAL POSITIONS: Legal Secretary, Alaska Public Defender; Historic Entertainment Director, Paystrecke Gold Camp; 13 years Federal employment; exempt private school director; minister

SERVICE ORGANIZATION(S) MEMBERSHIP: United Alaska Minority Coalition (founding member); Beyond War Movement; Recipient, Alaska Minority Business Task Force "Against All Odds" Award

SPECIAL INTERESTS: Self-attorney in public interest litigation (praised by Juneau newspaper for teaching all citizens that "you can fight City Hall")

OTHER: My direct ancestor hung the lanterns for Paul Revere's famous ride heralding the start of the American Revolution. The flame of freedom still burns brightly in my heart.

STATEMENT:

I am a nonpartisan running as a Libertarian because the Libertarian Party supports easier ballot access for nonpartisans, who must obtain 2,000 signatures to get on the ballot.

The majority of Alaska's voters are nonpartisans, but nonpartisans are **not** represented in the State Election Brochure as parties are; **not** eligible for appointment to Alaska Public Offices Commission or as election judges; **not** allowed certain campaign financing privileges party candidates have; and **cannot** get a majority on the State Board of Education.

Whatever happened to democracy in Alaska? Power has evolved away from the people and into the hands of parties, politicians, and business.

Money and the party system are the biggest political problems our nation faces. The Golden Rule of Politics is: **"Those who have the gold rule."** George Washington, the great nonpartisan who founded this nation, warned against permitting the dissension political parties stir up to weaken the unity so necessary for national survival, saying: **"Party Spirit is Truly the Worst Enemy of Popular Government."**

My goals are to break the stranglehold of parties and money on the political process; improve citizen access to and participation in government using modern technology; and increase legislative responsiveness and accountability.

My long-term concerns are for the survival of life on earth in the face of potential nuclear disaster and the EPA-predicted catastrophic warming of the earth by the year 2030.

I advocate proper use of our instruments of self-government to ensure our survival as a nation and as a species.

EDUCATION:
High School—Sutter High School; Sutter, CA; 1947-1951; Diploma
College—(1) Yuba Junior College; 1951-1952; A.A.; (2) Chico State
College; 1952-1958; B.A.

MILITARY SERVICE: Army; 2 years (1955-1957); Private First Class

POLITICAL AND GOVERNMENT POSITIONS: Fort Yukon City
Council, 1960-1964; Mayor, Fort Yukon, 1964-1966; Alaska State
House, 1966-1970; Alaska State Senate, 1970-1973; U.S. House of
Representatives, 1973-present

BUSINESS AND PROFESSIONAL POSITIONS: Elks; Lions; Jay-
cees; Alaska Executive Board, National Education Association, 1963-
1967; Fort Yukon Dog Musers Association

SPECIAL INTERESTS: Hunting; fishing; trapping; gun-collecting

OTHER: After serving in the army, Don Young decided Alaska was where
he wanted to make his future. Starting in Anchorage, he worked on
several construction projects and did some commercial fishing before he
took a job teaching school in Fort Yukon.

STATEMENT:

Elected to Congress, March 6, 1973, Don Young was appointed to the two major committees that affect Alaska most—Interior and Merchant Marine and Fisheries.

In 1985, he was appointed to the Post Office and Civil Service Committee.

Accomplishments—Upon arrival in Congress, Don Young sponsored and led the fight for authorization of the oil pipeline. That battle was won in August, 1973. Next, Don sponsored and spearheaded the 200-mile fishing limit legislation. That effort was also successful.

For four years Don fought for Alaska's position during debate on the Alaska National Interest Lands legislation. This delayed enactment until a more favorable law was passed. More recently, Don has successfully worked on other important issues, including: tax and IRS reforms, OCS revenue sharing, the Red Dog Mine, Coast Guard funding, oil export, the 6th Light Division, military modernization, sustained timber harvest, port projects, senior citizen assistance and veterans programs.

Seniority—During his seven terms in Congress, Don has risen dramatically in seniority and influence. He is now ranking member of the Full Interior Committee and serves in a senior position on several crucial subcommittees: Parks and Public Lands, Fish and Wildlife, Mining, Coast Guard, and Outercontinental shelf. Don is also the ranking member of the subcommittee on Postal Personnel and Modernization.

Service—In addition to passing legislation, Congressman Young also responded to over 275,000 requests from Alaskans for help with the federal bureaucracy. With your support, Congressman Young will continue to use his experience and influence to Alaska's best advantage.

SERVICE ORGANIZATION(S) MEMBERSHIP: National Rifle Association; Alaska Native Brotherhood (Klawock Camp); Eielson Area Grange; Fairbanks Sundawgs Rugby Club

STATEMENT:

I'd like to put an Alaska economic recovery plan in place, based on the realities of the marketplace and a sound assessment of our many talents. This recovery must include rural Alaska, which has its own special problems.

The Alaskan economy of the future will depend on our ability to compete in the world marketplace. We should require the teaching of Japanese, Chinese and Russian history in the public schools and encourage the teaching of foreign languages. We should establish an International Trade Center to bring in people from the business, financial and government sectors of nations with which we expect to trade. From them we can learn how to sell to their markets and from us they'll learn about the resources of Alaska.

In order to get ahead in the 1990s, we'll have to learn new skills. The solutions of the 1960s won't work any more. Our government should promote the use and understanding of modern information systems. Our civil court system must be restructured so it handles disputes quickly and at the lowest possible cost to the public. We should aggressively seek markets for our demonstrated skills in cold-weather engineering and construction, telecommunications and energy technology.

We can make this fast adjustment to the economic realities of today, because we are a strong people: we're smart, ambitious, creative and versatile. We are willing to take the risks that are necessary to become leaders. We have promises to keep to all the world. We are Alaskans.

MILITARY SERVICE: Honorable discharge from United States Army Reserve, 1971

POLITICAL AND GOVERNMENT POSITIONS: Elected to the Valdez City Council in 1979. Became Valdez's first popularly elected Mayor and was reelected Mayor in 1981. In November 1982, elected Alaska's youngest Lieutenant Governor

BUSINESS AND PROFESSIONAL POSITIONS: Served two terms on the Alaska Municipal League Board of Directors; Chairman of the National Conference of Lieutenant Governors' Committee on International Trade and Tourism; National Association of Secretaries of State; Executive Committee, Western Legislative Conference

SERVICE ORGANIZATION(S) MEMBERSHIP: Moose, Elks, American Legion, Alaska Native Brotherhood

STATEMENT:

As Lieutenant Governor, Stephen McAlpine has demonstrated leadership and foresight in a number of critical areas. While some previous Lieutenant Governor's have attempted to use the office as a personal platform and a springboard to another office, Stephen McAlpine has spent his years as Lieutenant Governor working and making a difference for Alaskans.

Fiscal Responsibility: While most politicians fight hard for larger staffs, McAlpine's first act was to **reduce** the size of the staff. During the previous administration as many as 18 people worked for the Lieutenant Governor. Today the staff consists of 6 employees, despite the addition of new functions by the Legislature and responding to more than 5,000 constituent requests.

McAlpine has also worked hard to open the budgetary process to all Alaskans. McAlpine initiated involving local governments in the formation of the capital budget so that projects which are most needed get funded.

Alaska Hire: Stephen McAlpine has done more than talk about local hire, he has done something about it. McAlpine has been a strong advocate for Alaska hire legislation which will make a difference, not just make politicians feel good. McAlpine has also pushed for vigorous enforcement to ensure that the law is obeyed.

Management: Under McAlpine's leadership, the Division of Elections developed a computerized voter registration system, which has been sold in other states generating revenue for Alaska. McAlpine has also computerized the system for commissioning and renewing commissions of notaries public.

STATEMENT:

Alaskans are independent people looking for a chance to make our own way. We take pride in meeting challenges.

Today, Alaskans wonder what's going to happen to them and their families, their homes and jobs. I offer this encouragement: we've been through it before. The answer is people—people with imagination, energy, and a real stake in Alaska's future.

Alaska will always be a natural resources state, and oil will continue to be the largest factor in Alaska's economy for as far ahead as we can see. We must ensure that the oil industry stays in Alaska, expanding production and resuming aggressive exploration as soon as possible. That means a stable and predictable business climate and elected leaders ready and able to help make things happen in the private sector.

At the same time, we must strengthen our other natural resource industries—fishing, mining, timber, tourism. We can make it easier to do business without jeopardizing our precious natural heritage. We can make more jobs by turning our raw materials into finished products. We can market our products—and our state—more effectively.

All Alaskans are important. All Alaskans deserve accessible state government that will make things happen, not stand in the way. They deserve honest leaders who will listen to them and act in **their** interest.

I am proud of my record of experience and leadership and my reputation for integrity. I worked very hard for both, and will work just as hard for the people of Alaska.

LIEUTENANT GOVERNOR

TERRY MILLER, Republican

MAILING ADDRESS: 701 West 36th Avenue, Suite 12
Anchorage, AK 99503

BIOGRAPHY:

- Terry Miller was raised in Alaska. He grew up in North Pole, near Fairbanks, and went to public schools in that area.
- He graduated from the University of Alaska, Fairbanks, and received a master's degree in public administration (emphasis in applied economics) at Harvard University.
- Terry Miller has experience in small business, with interest in retail and telecommunications firms. He has also worked in labor-management, where he learned first-hand the importance of building a strong economy.
- He's served in local government, with the North Pole City Council and the Fairbanks-North Star Assembly.
- He also served for ten years in the Legislature—one term in the House of Representatives and two terms in the Senate. In 1973-1975, Terry Miller served as Senate President.
- In 1978-1982, he served as Lieutenant Governor under the leadership of Governor Jay Hammond, and earned a reputation as a hard working and outspoken member of the executive team.

STATEMENT:

"I want to see a diversified Alaska, an Alaska where there are as many different individual pursuits and ways to make a living as we can possible create. There is richness of spirit in that diversity and a sense of purpose in that individualism. We must encourage and nurture our individuality, not shrink from it.

I'm running for Lieutenant Governor because I believe, as you do, that Alaska has the greatest future of any state in America and that together we can use our great resource wealth to enrich all our lives.

More than anyplace else, Alaskans have choices—tough, crucial choices that will affect the way in which we Alaskans and our children and grandchildren will live. One of those choices occurs on November 4 in the General Election for Lieutenant Governor."

OTHER: Constitutional history; ancient history; philosophy; reading

STATEMENT:

Since 1959, our elected officials have tried to work with the Congress to resolve land issues, game management, local employment, the Jones Act and federal regulations. Bureaucrats run amuck. The lower 48 have won every round. Withdrawals, freezes, federal selections, wilderness areas now cut up Alaska and they want more.

Oil companies recruit outside. Unemployment is rampant. Placer mining is dying. Bankruptcies and foreclosures are numerous. Many limited entry permits are owned outside. Our oil creates most of its jobs outside.

1986 demands a governor that is not afraid of the courts, who has a record of resisting governmental excesses by legal action and who understands the role of the State in the Federal Union.

I have whipped the borough in court on four occasions, the State on three and am now in battle with the feds in two cases and I shall win. The Constitution is still the Supreme law of our land.

I have been paid in advance by over 40 years of opportunities in Alaska. I would like to be remembered as the governor who left the same opportunities, freedoms and rights that he himself has enjoyed. This is all I would ask for the privilege to serve Alaska and you.

If you like government as it is, vote for more of the same. There are a number of experienced politicians to choose from. If you would like a change, I would like to try my hand, using the Constitution as the guiding light.

Thank you.

STATEMENT:

Four years ago, Jan Faiks promised to work for an ethics code, a session limit, road improvements in the district, support for education and an Alaska Hire law. Her campaign promised, "She's Effective!"

Jan kept those promises.

She wrote and sponsored the ethics code which became law. She supported the 120 day session limit. She coordinated municipal and State road projects to make maximum impact in our district, especially on the Hillside. As Co-chairman of Senate Finance, she fought hard to assure adequate funding for education, from grade school through University. She wrote and sponsored the Alaska Hire law.

In all, more than twenty of Jan's bills became law. Laws to provide greater access to parks; to aid victims of rape and child abuse; laws to benefit people rather than bureaucrats.

The next four years will present difficult decisions. We must make substantial cuts in the State budget. We must diversify our economy. We must defend the Permanent Fund from legislative raids. We must avoid imposing taxes until all fat is cut from government.

Jan Faiks is uniquely qualified to do the tough job. She's already proven that.

STATEMENT:

NO STATE PERSONAL INCOME TAX

I have in the past, and will continue to fight against the reinstatement of this onerous unapportioned direct tax.

LESS GOVERNMENT

Today's politicians have a nasty habit of ignoring the Constitutionally protected rights of the people. Laws are passed for the financial gain of the few to the detriment of the many. Our over zealous lawmakers consistently over step the bounds of legitimate government and unconstitutionally regulate every aspect of our daily lives. The specific purpose of the Constitutions of the United States and the State of Alaska is to limit government and to provide the maximum protection for our lives, liberty and property. I solemnly pledge to fight for the preservation of your inalienable rights.

BUDGET BY THE PEOPLE

Take total state revenues per calendar year; divide that amount by total registered voters; assign that number of dollars (credits) to each voter. Legislators would annually provide lists of projects and programs together with anticipated cost projections and the need for said programs. Beside each project or program a space would be provided for the voters to enter an amount to be expended for the program and/or project. This procedure would re-establish the people's control of government spending.

"MY PLEDGE TO YOU"

I solemnly pledge to fight for the preservation of our Constitution and your inalienable God given rights to life, liberty and the pursuit of happiness. **Your support and your vote are much appreciated.**

SPECIAL INTERESTS: To be a good listener and a fair arbitrator of differing viewpoints. To promote individual freedom and leave some small part of this world a better place than I found it.

OTHER: Alaska Hire

STATEMENT:

The Problem:

Currently, over \$677 million in Alaska wages are being paid to non-Alaskans.

It's Effect:

When our economy was booming, the primary influence was state expenditures of around \$300 million annually for Anchorage construction projects.

If half of the \$677 million currently being sent outside were spent in Anchorage, it would similarly influence our economy.

The worst offenders of the Alaska Hire Policy work their crews 7 days a week for 6 weeks or more and then give sufficient time off to travel from the North Slope to Texas.

Concerned companies work their crews one week on and one week off. **It's too expensive to fly back to Texas once a week.** One other major difference. Long slope stays spawn fatigue, home sickness and carelessness. Consequently, work related accidents are far more frequent than they are with work crews working one week on and one week off.

Solution:

All states have safety laws and our state clearly has the constitutional right (for safety reasons) to pass legislation requiring week on and week off schedules for remote work camps. This is one example of several constitutional methods of promoting Alaska Hire.

Veco is by far the states largest importer of cheap outside labor. My opponent Jan Faiks, has protected their ability to continue this practice.

Veco and their associates thanked her with \$25,000.00 (twenty-five thousand dollars) for her campaign.

Your vote can help solve our economic problems.

Sincerely,
Ray Metcalfe

STATEMENT:

Most Alaskan voters are registered as Independents, and do not vote along party lines. They vote for the person, not for the party. I believe voters should give greater consideration to a legislative candidate's party affiliation. If a majority of Republicans is elected, the House will almost always organize as an essentially Republican group; the reverse is true if a majority of Democrats is elected.

My point is that in voting for an individual legislative candidate, a voter casts a ballot for more than just the individual. The party affiliation of the individual is also receiving a vote, in the sense that the candidate can, and should be, expected to organize the House with the other elected members of their party.

A Republican House can be expected to actively promote resource development by the private sector, reasonable environmental regulation, dedicated efforts to trim the size and scope of state government, strong resistance to new or increased taxes, enhanced efforts at strengthening our criminal justice system, and a basic orientation toward encouraging job creation by private enterprise. I believe a Democrat House can be expected to be far less committed to these goals, and in some cases committed to their opposite. And this is the case even if a number of individual Democrats might subscribe to most of the principals set out above.

In this critical election, I believe Alaskan voters should give serious consideration to which party represents their interests, and to voting for the legislative candidate of that party.

STATEMENT:

The most pressing need of our economy is predictability over the next few years. Our state government has spent its way into becoming a central player in the state's economy, and a sudden withdrawal of state spending would be devastating. It will be essential for the next legislature to build confidence in the economy by announcing, and adhering to, a planned steady reduction in spending at a rate which the economy can withstand, responsibly getting us to a long term sustainable level of spending. Only with such a plan should the people of Alaska accept any uses of one-time revenues, savings, or other temporary measures.

As before, I will fight for responsible economic development. I represent the values which Alaskans cherish and need, including the need for jobs and development, and the outdoor and recreational values we all enjoy. Our government needs people with strong financial experience and common sense to forcefully and properly represent our citizens and guide our state.

STATEMENT:

Alaska's potential is as great now as when it first became a state. This potential does not fluctuate with the price of oil; our people are talented and hard-workers, and with quality leadership we can work cooperatively through the present budget crisis. A willingness to rethink our priorities, to act reasonably for today, and think creatively for our future is essential.

We operated successfully as a state before the oil wealth and we can do it again. Supporting diverse industries will allow more tourism, timber, fishing, etc. dollars into our economy and make wider use of our varied workforce. Future development must be carefully planned so that our quality of life is preserved and the economy enhanced.

As a representative for the people of District 10 for the past two years, I worked cooperatively with other legislators from the District to bring home funding for critical projects such as roads, parks, and water and sewer improvements. It is this type of teamwork that crosses political boundaries and focuses on the needs of the people that is needed to ride out the budget crisis.

Open communication among the various branches of government, special interest groups, industry and businesses will generate creative ideas on such issues as subsistence, insurance, resident hire, and energy planning. Cooperation and leadership is needed at every level of government to fully realize this state's potential.

STATEMENT:

For the past two years I have had the privilege of representing you in the Alaska State Legislature. Over 5,000 of you have corresponded with my office. Your valuable input and advice have guided me in representing your views in Juneau. During this past session I have proudly supported legislation important to all of us, such as **CSHB-522, Neighborhood Speed Zones**, requires the Department of Public Safety to consult with community councils in setting speed zones; **CSHB-530, Refinancing Home Loans**, allows AHFC refinancing of homes at lower interest rates; **CSHB-155, Rights of Tenants and Mobile Home Dwellers**, requires the operator of a mobile home park to give tenants 180 days notice of change in land use and gives the tenant first right of refusal for 90 days from time of land conversions to condominium development; **CSSB-367, Alaska Hire**, creates resident hire preferences for work on public works projects in zones of high unemployment; **CSHB-28, Permanent Fund**, saves \$1.1 billion for deposit to principal of permanent fund; **CSSB-171, Capital Projects and Student Loans**, appropriates \$61 million for student loan programs and approximately \$25 million for District 10 capital road projects, including Lake Otis Parkway, 36th Ave., 88th & Old Seward, East 80th St., and U.A.A./A.C.C. buildings and security.

I voted *against* **CSHB-500, Fiscal Year 87 Operating Budget**, predicting its passage would produce a fiscal crisis!

Many challenges are before us. With your continued counsel and support I remain confident of Alaska's future. Thank you for the opportunity to serve you.

STATEMENT:

The days of lavish spending are over. We can no longer afford lawmakers who are locked into special interests, either inside or outside state government. We need legislators who have a balanced approach to both our people needs and to resource development, and who aren't afraid to take a stand.

We should update and re-enact the Industrial Incentive Act of the 1960s. We must provide the political leadership necessary to assist the private sector to get the Gas Pipeline started. This one project will provide over 4,000 construction jobs and generate over \$500 million in revenues per year.

We must not raise oil taxes, as 85 mineral and petroleum exploration companies have already abandoned the state. We should sue the federal government for banning export of Alaska's oil. We must recognize those who champion Alaska hire and "made in Alaska" products.

I strongly support the Anchorage Crime Commission's recommendations, which have met a deaf ear in Juneau over the past six years. Especially, I will fight against permissive drug laws.

The skyrocketing cost of insurance is hurting everyone, and many businesses are being forced to shut down or risk million dollar law suits. The attorneys in the legislature last session crippled the attempt to limit jury awards for non-physical injuries. I will fight to make that change.

We won't solve our revenue shortfall by wringing our hands. It will take energy, imagination and guts. Let's go to work!

Pat Rodey has served in the State Senate for twelve years and has been noted for his leadership in banking, legal affairs and senior citizen legislation.

STATEMENT:

I have been privileged to work with many of you in Senate District G and throughout Anchorage for the past twelve years. We have accomplished many things. Some of them are:

- Creation of the Alaska Housing Finance Corporation. This agency has been responsible for a significant number of the homes and jobs in Anchorage.
- Creation of the Alaska Industrial Development Authority. This agency has helped finance, at no public cost, most of the commercial buildings constructed during the 1980's.
- Road improvements have been continually made in the district since the 1970's. This year we received more road construction money than any other district in Anchorage.
- Law enforcement has been enhanced significantly. We have restricted the insanity defense, strengthened laws protecting our children and increased the penalties for drunk driving.
- In addition, we have reformed the legislative process by enacting a new ethics law, opened the committee process, mandated public notices and restricted legislative contracts. I have taken a strong personal stand in favor of enforcement of the open meetings law.

A great deal more remains to be done. The slow down in our economy requires the Legislature take innovative steps to create jobs. Increased foreign trade, effective local hire legislation, increased tourism and stabilization of the mortgage and lending markets are a few of the issues the Legislature must deal with. It has been a privilege to serve the people of Anchorage. I would appreciate your continued support.

STATEMENT:

I believe that all Government should be limited. Many of the problems of excessive spending and misdirection which plague the federal government also haunt our state government. Too often Alaska's state government is unresponsive to our basic needs. Few will argue it is inefficient, certainly it is too big.

State government should focus on providing basic services needed by all the people. It should provide safe streets, free from the kind of violent crime we read of daily in the newspapers. It should provide quality education to prepare our children for an everchanging world. It should support sound economic development which fosters a productive and competitive economy. It should provide adequate transportation facilities, especially in the state's largest city where congested traffic threatens our quality of life.

By concentrating on these basics, state government can both provide essential services and shrink the profligate spending which burdens us with too much government and saps our resources.

STATEMENT:

The Fifteenth Alaska Legislature will be faced with difficult budget decisions as oil prices continue to drop. Many of us have stated that government should be limited and only do for people that which they cannot do for themselves. Those words must now become action. Dependency on government must be replaced with self reliance.

Alaska can no longer afford the luxury of an operating budget five times the national average. Everyone agrees that budget cuts are necessary until programs of personal interest are threatened. If we are to protect the permanent fund and continue without a state income tax, then each of us must assume individual responsibility for programs or services which can no longer be provided by the state.

I support—

- Open, honest state government.
- No new taxes without voter approval.
- Stable tax structure for oil companies.
- Opening the Arctic National Wildlife Refuge for oil and gas exploration.
- Capital projects which will not only provide jobs but also access to our natural resources.
- A more equitable method for funding education.
- Law enforcement personnel sufficient to adequately protect Alaskan citizens.
- Treatment and penalties for juveniles that will discourage criminal activity.
- Diversifying our economy by encouraging new business and industry and exploring new markets for Alaskan products.

It has been a privilege to serve as your Representative. I will continue to listen and respond to your concerns as we approach a critical period in Alaska's history.

STATEMENT:

I am running for State House because as a life-long resident of Spenard, I want our community to have better representation in the legislature.

I will use my years of experience as a financial auditor and legislative finance aide to work to impose discipline on state government and develop a stable, diversified economy for Alaska. I want to ensure that this state adopts sound fiscal policies to prevent any need for the reimposition of the state income tax.

As a public interest attorney, I will use my skills to make the legislative process as open as possible.

As the author of the new Alaska Hire Law, I will continue my work to develop effective constitutional Alaska Hire laws to protect Alaskan jobs for Alaskans.

As a homeowner I want to see that the citizens of District Eleven get their fair share of state appropriations to keep our property taxes down.

As your representative I will listen to your concerns and represent your interests. As a legislator I will also support and work for:

- Protecting and strengthening the Permanent Fund.
- Funding for Anchorage Accelerated Roads Program including Spenard Road and West 36th Avenue improvements.
- Cleanup of Fish Creek and other Anchorage waterways.
- Comprehensive victims-of-crimes rights legislation.
- Long range transportation planning and development.
- Protection of the rights of working Alaskans.

My family and I have lived in Spenard over thirty years. I'm serious about Spenard. Let's make District Eleven the best it can possibly be.

JOBS-JOBS-JOBS

Roger Jenkins believes the credo of **Alaskans First**. The people who call Alaska home are the people who build Alaska. Alaska hire **should be** the primary employment practice of business and government because it makes good sense. State investment goals should help create jobs.

PERMANENT FUND

Roger Jenkins believes the Permanent Fund must be protected. No portion of the Fund should be spent without a public vote. Alaska law allows 15% of the fund to be invested in Alaska. The time has come for Permanent Fund investments to support "Alaska Hire."

ALASKA'S FUTURE

Roger Jenkins believes oil income should be put to work diversifying Alaska's economy and developing our other natural resources. Roger believes we must look for long term energy solutions for the Railbelt area. He will fight to keep land disposal programs alive.

WAR ON CRIME

Roger Jenkins believes we need an elected Attorney General and an elected State Treasurer to conduct independent investigations of state government. Roger will reintroduce his package of anti-prostitution legislation to clean up the streets of **Spenard**.

TAXPAYER RIGHTS

Roger Jenkins believes property taxpayers appealing assessments should not have to prove the city is wrong; but instead the assessor should have to prove he is right. Roger will reintroduce legislation to protect taxpayers rights.

MY PLEDGE

To be the kind of legislator you would be—honest and above board. The next legislature will shape Alaska's future for years to come. I will make certain **Spenard's** voice is heard and counted.

STATEMENT:

WE NEED A CHANGE

Alaskans have lost confidence in the Legislature. Legislators have ignored declining revenues and closed door meetings have kept special interest spending high. Without changes, our Permanent Fund will be attacked and we will pay new, high taxes. This must not happen.

MAX GRUENBERG'S RECORD

- **Tolerant of Prostitution:** Allowed the "Soliciting a Prostitute Bill" to die in Judiciary committee.
- **Mobile Home Discrimination:** Voted against AHFC down payment equality for mobile home purchasers.
- **Soft on Crime:** Killed 3 of the 5 Anchorage Crime Commission's priorities in his HESS committee. Watched 2 die in a committee of which he was a majority member.
- **Subsistence Discrimination:** Voted Rural above Urban priority to Subsistence Fish and Game regardless of need.
- **Unfair Backroom Meetings:** Involved in alleged illegal closed room budget meetings of the house majority.
- **Nothing for the Economy:** Failed to sponsor, even 1 bill to help diversify and strengthen the Alaskan economy.

WALLY BARKER WILL WORK FOR

EMPLOYMENT

- Reduce regulatory roadblocks to development.
- Encourage new industries to locate in Alaska.
- Day-care support for working parents.
- Alaska Hire; tax incentives & job training.

BETTER GOVERNMENT

- Fight against increases in State Taxes.
- Protect the Permanent Fund from raids.
- Reduce Government size.
- Enforce Alaska's Open Meeting Law.

EDUCATION

- Preserve Alaska's Student Loan Program.
- Increase funding of Cost-effective UAA programs.
- Reform the School Foundation Funding Formula.

DISTRICT CONCERNS

- Support Private-Public partnerships to attract Hotels and Restaurants to Spenard's core.
- Protect our young people from the filth, drugs and crime associated with prostitution and pornography.

STATEMENT:

THE GRAVEST ECONOMIC CRISIS SINCE STATEHOOD DEMANDS STRONG LEADERSHIP

MAX GRUENBERG'S RECORD

- The only Anchorage Representative to chair a standing committee. Co-chair of the House Health, Education and Social Services Committee.
- Introduced the new law to remove asbestos from our schools.
- Introduced the new generic drug law.
- Introduced amendments protecting owners of older mobile homes from eviction and making manufacturers of defective mobile homes subject to prosecution under the Unfair Trade Practices Act.
- Revised and modernized state adoption laws.
- District 11 received more money for roads than any other district in Anchorage.
 - \$24,000,000 for West Northern Lights Boulevard.
 - \$2,780,000 for Spenard Road expansion.
 - \$260,807 for the District 11 residential road improvement fund.

MAX GRUENBERG WILL:

- Provide strong, effective leadership to make the tough decisions to cut excess government spending and develop alternative revenue sources to meet the economic crisis.
- Remain accessible to you—read and answer all constituent mail, return your calls promptly, and keep his door open. He will never forget he represents you, the District 11 voters.
- Maintain confidence in the legislature. Provide maximum public input; open all meetings to the public and the press.
- Because of the 120 day session limit, many good House bills died before they could pass the Senate. **MAX GRUENBERG** will work to pass these non-controversial bills as a first order of business next session.

STATEMENT:

Vic Fischer is known by Alaskans for his **honest, independent leadership**. His is a record of **effectiveness and accomplishments, of responsiveness and hard work**.

Vic Fischer deals not in promises and empty gestures, he **gets things done**. He helped build the **Permanent Fund** and has successfully defended the **Dividend Program** because of their importance to Alaska's economy and to individual Alaskans.

Vic takes a **strong, consistent stand on issues**. His votes are for real. When he **fights for local hire**, it's to get jobs for Alaskans on the North Slope and everywhere, it's not just a phony vote "for show".

Vic Fischer has a **statewide as well as local perspective**. He has a **thorough understanding of Alaska's economy** and has worked in every part of the state, on all aspects of our resources and development.

Vic Fischer is **committed to serving all people**—young and old, women and men, white-black-Native, especially those in need—and **works vigorously** in their behalf. His legislation for child safety restraints is saving children's lives; his outlawing of "happy hours" is keeping drunks off our roads.

Vic Fischer's is an **outspoken voice for equity, decency and freedom**, believing that individual rights are paramount and must be protected against encroachment by government and special interests. He has consistently fought for **integrity, ethics and open government**.

STATEMENT:

Over the past four years I have had the privilege of serving in the State House. During that time I have listened, communicated and worked closely with the residents of the district I represent. Now I want to use the experience and knowledge I have gained to represent you in the State Senate.

We will face many challenges: ensuring Alaskans have decent jobs and the opportunity to get ahead; protecting the quality of life in our neighborhoods; and meeting important community needs in the face of a severe revenue shortfall.

ECONOMIC OPPORTUNITIES AND JOBS

For Alaskans who are unemployed, Alaska Hire has come to mean the right to a job. For Alaskans who have jobs, Alaska Hire has come to stand for the right to keep working at a decent wage. Sound development of Alaska's resources will create economic opportunities and jobs, which in turn will ensure a healthy growing community for our future. Alaskans deserve the opportunity to get ahead.

NEIGHBORHOOD AND COMMUNITY NEEDS

Protecting the quality of life in our neighborhoods must be a top priority. Our streets and parks should be safe places for our families. We must protect our community school and day care programs. Budget priority should be given to those programs which benefit Alaskans in their daily lives.

PIONEER ALASKANS

I will continue working on behalf of important Senior services and Senior housing. We must preserve the dignity of our older Alaskans by helping them live the fullest and most independent lives possible.

STATEMENT:

PROTECT THE PERMANENT FUND: We need to enhance and protect the Permanent Fund. The severe revenue decline due to falling oil prices will increase pressure to raid the Permanent Fund and eliminate the dividends. Dividends have a greater positive impact on the economy than any other form of state spending.

RESTRAIN STATE SPENDING: The public must be involved in determining which specific programs and projects we're going to fund at a lower level or not at all. We need to set goals for the budget and Permanent Fund. To continue spending as we go based solely on the current checkbook balance invites drift and division. Essential services must be carried out more efficiently.

OPEN GOVERNMENT TO THE PUBLIC: To develop a consensus about spending decisions, or any other matter, the public must be involved in a meaningful way. Public business must be conducted in public with opportunity for participation by interested citizens and observation by the press. Public scrutiny will improve the quality of decisions and help ensure that the public interest takes precedence over private and special interests.

PROMOTE JOBS: State government can help keep our economy viable by making land available for oil and gas exploration and development. Tourism, fishing and Pacific Rim trade can be promoted through creative marketing efforts. Development of state park facilities will benefit Alaskans as well as visitors.

ASSURE SAFE AND LIVEABLE NEIGHBORHOODS: The quality of life in our neighborhoods depends on a working partnership between Juneau and local communities.

STATEMENT:

BILL MOFFATT: RESPECTED LEADERSHIP

Jobs—Bill Moffatt knows it's time to really begin doing something about Alaska Hire. Bill favors tax credits for businesses employing Alaskans and proposes changing the outdated 5% in-state contract preference to match the cost-of-living differential.

Crime—As a legislative assistant, Bill helped develop Alaska's first Restitution Centers where convicted felons work to compensate victims for their crimes. Moffatt pledges to expand this program and supports neighborhood foot patrols by police in residential neighborhoods, a program similar to street patrols in downtown Anchorage commercial areas.

Experience—Bill Moffatt has closely worked with the legislative process since 1979. He has the maturity and good sense to put a halt to "Stop the Clock" and "Behind Closed Doors".

Ethics—Bill Moffatt will be a voice in Juneau dedicated to a high standard of legislative and executive branch ethics. And Bill feels the Legislature can meet in Anchorage where the public can participate.

Spending—Bill knows the challenge of the next two years is to reduce government spending without raising taxes—to ensure that government continues to provide necessary services to deserving individuals while trimming wasteful extras.

Bill Moffatt: "Doomsayers say it can't be done, but I know it must be and will be! I need your vote to tackle the issues of today with the same commitment, hard work and spirit of the Alaskan leaders who fought for Statehood. The time to begin is right now and the place to begin is in the Legislature."

STATEMENT:

Jobs for Alaskans—Creating lasting jobs must be our top priority, and making sure Alaskans get those jobs is the bottom line. It is time to stop state dollars flowing Outside while qualified Alaskans sit idly by.

Permanent Fund—Protecting the fund is one of my top priorities. Wise investments will create jobs and ensure a hedge against future state taxes.

Alaska's Economy—We must become producers and competitors in the world market and not merely consumers. The key lies in adding value to the resources we export.

State Budget—I want to work with citizens to find new revenue sources and ways for government to do more with less. As Alaskans we pride ourselves on ingenuity and independence. . . now it's time to make state government more Alaskan.

Human Services—State government has a responsibility to provide high quality education and basic human services. My goal is to ensure all programs are efficient and actually helping the people they were meant to serve.

Neighborhood Integrity—The livability of our neighborhoods is what makes downtown a special place. Most of us wouldn't live anywhere else and I want to keep it that way.

Citizen Involvement—Open government means better government. A strong open meetings law and a rewrite of the reappropriations process would be a good start. I will stay in close touch with the people I seek to represent.

STATEMENT:

The Alaska Legislature affects my family and yours in very direct and personal ways. By offering our district fair and honest legislation, I hope to channel my experience, time and energy to a very valuable cause, the Future of the State of Alaska.

I have lived in Alaska more than 50 years, twenty in downtown Anchorage. I have worked in government, construction, fishing, mining, aviation and teaching, and understand the problems of each. I believe my experience and record of successful problem solving are needed in this time of financial emergency.

If elected to office I will work to:

1. Promote sound development of all of Alaska's natural resources, including tourism, fishing, timber, petroleum and mining, all with due respect to the environment.
2. Encourage private initiative to create new job opportunities.
3. Work for liability insurance reform.
4. Improve the quality of life in our neighborhoods; involve them in decisions directly affecting them.
5. Provide positive programs to prevent crime.
6. Protect our schools and day care programs.
7. Reward our senior Alaskans for their foresight, service, and fortitude in developing our great state.
8. Encourage downtown development.
9. Protect the Permanent Fund.

STATEMENT:

STATE SPENDING. We are in a financial crisis. While we have cut state spending \$1.4 billion in the past two years, more cuts must be made. Funding must be limited to essential state services. But spending cuts alone may not be enough. Revenues from non-oil economic activity, alternative tax policies, Budget Reserve monies and Permanent Fund earnings (not principal) need to be examined.

BUDGET REFORM. Limited state monies must be spent efficiently and effectively. This means greater budget scrutiny by legislators and the public, development of a long-term financial plan and statewide prioritization of capital projects. The Permanent Fund must be protected from short-term "raids" to ensure maximum future earnings.

PUBLIC TRUST, PUBLIC SERVICE. I have worked hard on legislation advancing public confidence in the Legislature including: Repeal of the 1983 legislative payraise; Passage of my bill strengthening legislative ethics law. We need to end "secret" budget meetings and reform campaign laws. Public service to me also means continued close communication with constituents and regular attendance at local community council, school and agency meetings.

NEIGHBORHOOD PROTECTION, IMPROVEMENT. Over the past two years I have secured monies for needed neighborhood road, school, park and pedestrian safety improvements. Declining revenues will mean fewer projects and greater need to fight hard for our highest priorities. I will continue to go to bat for District residents with state and local agencies to make government actions responsive to neighborhood needs and desires.

STATEMENT:

Let's build Alaska—make it a great state. The Good Lord gave us resources to use, not just to sit there and look at it. Alaskans should decide what is best for Alaska. With positive-thinking legislative leadership, we can have business, union, education and the state government working together so that all able-bodied persons are off unemployment rolls and enjoying the fruits of their personal efforts. Alaskans are a highly educated, independent, young population that are not afraid to take risks.

TERRY MARTIN ADVOCATES:

- No taxation needed. Allow the working people more of their personal income for family and personal needs. Stop wasteful spending and cash giveaway programs first. Let voters decide when and how on any type of new taxation.
- Create jobs for Alaskans by encouraging business to develop in Alaska; able bodies do not want to be forced into unemployment. Alaska is a great place to live, but we need jobs to stay here.
- Keep looking for new reserves of oil and gas, encourage the development of our fishing and timber industries; the tourist industry; renew our emphasis on resource development that will improve the economy and quality of life in Alaska.
- Increase the acreage of land available for the citizens of Alaska to homestead as our pioneers were allowed.
- Keep strong laws that will insure Alaska as a state for decency, where we will be proud of the heritage we leave for generations to come. The court system should protect the public's interest and not the criminal's.

STATEMENT:

Senator **TIM KELLY** won a statewide reputation for integrity and fairness by demonstrating solid leadership in last summer's Impeachment hearings. Many others agreed:

"Led by Senate Rules Committee Chairman **TIM KELLY**, the hearings have had a judicial tone that has lent credibility to all those participating."

Juneau Empire, August 2, 1985.

"But on one thing there should be universal agreement. Sen. **TIM KELLY**, . . . did an outstanding job—even-handed, professional, cool under fire and fair to all concerned. He set an outstanding example for all senators—and all Legislators, for that matter to follow."

Anchorage Times, August 3, 1985

TIM KELLY has provided leadership when we needed it: guiding the sobering Impeachment Hearings; Confronting the insurance crisis; Addressing local water pollution problems; and Responding to the need for a new Local Hire law.

TIM KELLY will lead again: By spearheading increased efforts to diversify the State economy and create new employment opportunities for Alaska residents while continuing efforts to establish an overall State audit policy to control wasteful spending.

TIM KELLY'S knowledge and experience is needed now, more than ever, to tackle our newest and greatest challenge: Finding ways to permanently strengthen Alaska's economy while protecting the health and safety of Alaska's residents, and preserving Alaska's traditional commitment to quality education—without imposing crippling new taxes.

TIM KELLY knows that this can be accomplished without going behind closed doors—a practice that will be halted.

Senator **TIM KELLY**: Experience . . . and fairness . . . is the difference.

STATEMENT:

I believe it's time for a "Common Sense Approach" to state government. My goals are to:

- Secure residents rights to full employment first on all Alaskan jobs in public and private sectors.
- Expand our existing industries (Mining, Tourism, Fishing, Oil & Gas) and develop our Pacific Rim trade and encourage new industries to cultivate here.
- Develop a comprehensive plan for the future economic development of Alaska, that will protect our Permanent Fund and provide for a strong economy.
- Give the working men and women a voice in the Senate by holding open legislative meetings and hearings. Improved telecommunications could be a useful tool in bringing the legislature and public together.

With regards to the budget, I would insist on completely open meetings and full public notice. It would be as fair as possible to all Alaskan's needs and based on facts not friends.

I will work to implement improved health and extensive safety legislation for all our protection.

We also face many problems within our correctional system that cannot go unaddressed any longer (overcrowding, rehabilitation, funding cost). I am convinced with long range planning we can bring about proper changes.

I really care about Alaska's future. My wife and I live here, work here, and plan to raise a family here. We can no longer let so called professional politicians make hasty decisions about our future. I'll be responsive to the people's needs and work to raise the standard of living and quality of life for all Alaskans.

POLITICAL AND GOVERNMENT POSITIONS: Elected to Alaska House of Representatives 1978, 1980 and 1982. 1983 elected Majority Leader, Speaker pro-tem and sat on Judiciary, Rules and Policy; Chairman, Select Committee on Legislative Ethics; Member, Legislative Council

BUSINESS AND PROFESSIONAL POSITIONS: President, Arctic Research Consultants International, Inc., consultant to Legislature, business, real estate; Chairman, Anchorage Chamber of Commerce Legislative Affairs Committee

SERVICE ORGANIZATION(S) MEMBERSHIP: State Chairman, American Legislative Exchange Council; Member, Alaska Association of School Boards; Anchorage Republican Women's Club; Navy League; National Federation of Republican Women; Susitna Business and Professional Women's Club

SPECIAL INTERESTS: Outdoor sports, especially fishing; gourmet cooking; photography; family

OTHER: Fifteen year Alaska resident, mother of three children, grandmother of four. Received honors from national sportsmen's organizations; national legislative associations, Alaska Peace Officers Association and Anchorage Mental Health Center.

STATEMENT:

With six years legislative experience, including leadership positions, and wide acquaintance with the issues facing Alaska and District 14 in Anchorage, I feel that I am well qualified to represent my constituency.

Reduced state revenues have proved dramatically the importance of a position I have held for many years, that Alaska must diversify its economic base. During a heyday of wealth, diversification seemed unimportant to many, but is now crucial. Our traditional fishing, mining and timbering industries and growing tourism must be encouraged and enhanced.

Government must maintain the "tightened-belt" mode into which it has been forced. While we must continue to provide all necessary services for the public health, safety, education and transportation systems, many of the optional programs we have learned to enjoy must be taken over by the private sector, in the best Alaskan tradition.

Government must earn renewed trust from the governed. Much in very recent years has weakened public confidence, damaging government effectiveness.

The Legislature must, while maintaining a stable oil production tax policy, consider exploration incentives to ensure that when oil prices rise again we are prepared to take advantage of the market.

We must continue to strengthen our criminal justice system as it affects all segments of the population, continue to improve our education programs and facilities, and adopt some kind of spending control. This should include an effective constitutional limit and a system of cash-based budgeting.

STATE SPENDING

In reducing state spending, we need to give careful consideration to the impact on unemployment in the state. I support a comprehensive review of our budget process with a critical eye focused on maintaining basic services, while at the same time reducing those functions such as grant management, planners and capital projects coordination, out of state contracts for goods and services and a major reduction in out of state travel.

EDUCATION

Public school funding deserves a dedicated source of funding. I support dedicating the \$400 million annual permanent fund dividend payment to offset the cost of public school education.

HANDICAP AND SENIOR HOUSING

Affordable housing for the handicapped and senior citizens is greatly needed throughout Alaska. I support a change in the Alaska Housing Finance Corporation statutes, establishing a home loan program for the handicapped and senior citizens.

STATEMENT:

How do we cut millions from the budget without eliminating vital programs and services? How to increase state revenues and who will carry the burden? What can be done to restore pride in our legislature? How do we resolve the environmental problems regarding hazardous wastes, water shortages, and pollution in Alaska?

These are a few of the complex issues facing the 15th Legislature. They will require painstaking effort and study to resolve. My experience as a life long Alaskan and construction worker have prepared me for the job.

I know what Local Hire means. The impact of unemployment on Alaska, as evidenced by D.O.L. figures, is related to the import of workers who work at wages Alaskans cannot live on. Local Hire should be negotiated into State lease contracts as a stipulation.

As a graduate student I've studied accountability. The importance of full public participation in the legislative process is historic. Full funding of the State Ombudsman Office and the APOC is vital to preserve public input and trust.

The declining budget will require deep cuts this session since the issue was largely skirted last spring. The next legislature will make cuts that affect the programs, services, and jobs of many citizens. Someone who will feel and whose friends will remember those cuts should be in Juneau. A working citizen, not a professional politician.

STATEMENT:

Alaska's economy has turned downward, obviously as a result of lower oil prices. It is more important than ever to try to keep as much money as possible from leaving the state. Local hire is one of the most effective methods of keeping money in Alaska. Tourism promotion and incentives for oil, gas and other natural resources development are ways state government can assist in reviving the economy. Alaska is in the oil business and we must approach decisions as prudent business people would—whatever is in the best interests of the people of Alaska and "... for the maximum benefit of its people." (Article VIII, Sec. 2, State Constitution.)

Even with fewer state dollars available, needs that are clearly proven will receive funding. I have been successful in doing the work required to win support for local needs. Local roads, Hiland Bridge, Anchorage accelerated roads, Municipal assistance and revenue sharing (state money that keeps local taxes down) and funding for the student loan program are just some of the areas I've worked with in the past and would continue to do so.

Public Safety and education are still the most important responsibilities of state government. Locally, road improvements and maintenance are priorities. As we reduce State Government spending, the quality of these services must be maintained.

Additional issues that need work during the next session include Railbelt energy, insurance and public access to recreational rivers in Southcentral Alaska.

STATEMENT:

Diversifying of industry must occur in Alaska if we are ever going to advance to a stage of any way near of being self supportive. At the present time approximately 85% of funding to operate State government is derived from the petroleum industry. Other minerals such as our vast coal fields must be developed as an additional energy source for domestic and foreign markets. Tax incentives should be seriously considered to entice private enterprise in the development and marketing of these natural resources. The petroleum industry should be encouraged to explore for new fields with a tax structure that would not make it prohibitive for development. The bottom line here is **JOBS**—No industry—No jobs!

The state operating budget must be reduced if we are to survive. A start could be the possibility of transferring the functions and responsibility of certain state agencies to private enterprise such as the department of corrections where the possibility exists of saving millions of dollars without jeopardizing the system.

The education and the welfare of our citizens just cannot be sacrificed when I feel so much inefficacy exists in state Government. More efficiency and public cooperation is a requirement which should be mandate for all state agencies for further justification of their respective budgets. I intend to fully support these issues along with other peoples rights.

LOCAL IMPROVEMENTS will be a high priority for me. By working closely with other members of our legislative delegation and the Governor's Office, I have been able to assist in obtaining needed funding for schools, roads, water, sewer, and other projects needed in our district.

I STRONGLY SUPPORT

- Full funding of the municipal assistance and revenue sharing programs, which programs provide funds to our municipal governments to maintain services we obtain from those municipal governments.

I HAVE SPONSORED

- Legislation requiring law enforcement agencies to make reasonable efforts to locate missing/runaway minors. The legislation sets time limits regarding completion of a missing person's report and entering information into statewide and FBI computer systems. It requires notification to parents when the minor is in custody. It prohibits placing a minor in jail while under protective custody.
- Legislation allowing the state to offer to a grand jury hearsay evidence of a statement made by a child under ten years of age who was the victim of certain sexual crimes.

I HAVE SUPPORTED

- Alaska/Canada interaction—I have worked to have meetings with legislators from Canada, particularly those from the Yukon Territory and the Northwest Territories, in order that we may discuss matters of concern to the North (such as tourism, transportation, fisheries rights, mineral development, railroads, etc.).

ALASKA'S JUDICIAL RETENTION SYSTEM

Since statehood, Alaska's judges have been appointed by a merit selection system and retained in office through public elections. These procedures were established in the Alaska Constitution and statutes to assure the appointment of qualified judges and the accountability of judges to the public throughout their tenure. Retention elections for judges are both non-partisan and unopposed. Each judge stands for retention based on his or her record of judicial performance; in addition, information regarding the judge's performance is provided to all voters by the Alaska Judicial Council. If a judge is not retained in office, the position becomes vacant and a new judge is appointed by the merit selection system.

Supreme Court justices stand for retention election three years after appointment and every ten years thereafter. Court of Appeals judges stand for retention election three years after appointment and every eight years thereafter. Superior Court judges stand for retention election three years after appointment and every six years thereafter. District Court judges stand for retention election one year after appointment and every four years thereafter.

The Alaska Judicial Council is required by law to evaluate the performance of each judge standing for retention election and to publish its evaluations in the **Official Election Pamphlet**. The Council may also make recommendations about retention or non-retention of each judge. These evaluations and recommendations are contained in the following pages along with an introductory statement, by the Council, of the methods used in its evaluations. A biographical statement, provided and paid for by the judge if the judge wishes, is printed on the page facing the Alaska Judicial Council's evaluation of that judge's performance.

For the 1986 General Election, the Judicial Council has evaluated one supreme court justice and seventeen trial judges. The following eighteen judges were all found to be **QUALIFIED**, and are all recommended for retention:

SUPREME COURT: Justice Daniel A. Moore, Jr.

SUPERIOR COURT: Judge Duane K. Craske, First Judicial District
Judge Michael I. Jeffery, Second Judicial District
Judge Beverly W. Cutler, Third Judicial District
Judge Mark C. Rowland, Third Judicial District
Judge Jay Hodges, Fourth Judicial District
Judge Gerald J. Van Hoomissen, Fourth Judicial District

DISTRICT COURT: Judge Linn Asper, First Judicial District
Judge Elaine Andrews, Third Judicial District
Judge Martha Beckwith, Third Judicial District
Judge James C. Hornaday, Third Judicial District
Judge Ralph Stemp, Third Judicial District
Judge David Stewart, Third Judicial District
Judge Michael White, Third Judicial District
Judge Hugh H. Connelly, Fourth Judicial District
Judge H. Ed Crutchfield, Fourth Judicial District
Judge Jane F. Kauvar, Fourth Judicial District
Judge Christopher Zimmerman, Fourth Judicial District

EDITOR'S NOTE:

Only information regarding the supreme court justice and judges serving the districts pertinent to this pamphlet is included on the following pages.

EVALUATION OF JUDGES

The Alaska Judicial Council has a statutory duty to conduct evaluations of each judge and justice standing for retention, and to provide information and recommendations to the public about these judges. The Judicial Council was established by the state's constitution as an agency of state government, independent of the Court System, and consists of seven members: three non-attorney members appointed by the Governor and confirmed by the Legislature; three attorney members appointed by the Board of Governors of the Alaska Bar Association; and the Chief Justice, who serves as Chairman of the Council *ex officio*.

FORMAT OF EVALUATION:

The Judicial Council's evaluations of individual judges appear on the following pages, with the Judicial Council's Evaluation Page on the right-hand, facing the Judge's Statement Page (provided and paid for by each justice or judge at the judge's option). Information regarding judicial performance was based on sources available to the Judicial Council at the time of its recommendations. These sources included: Bar and Peace Officer mail surveys, a review of court and public records, professional and public testimony and personal interviews. These activities were supervised wholly by the Judicial Council and paid for by the Judicial Council out of the state general fund. Each Evaluation Page contains the following information:

The judge's name, years in the present judicial position, and scheduled date of the next retention election after 1986.

SECTION I: JUDICIAL COUNCIL EVALUATION.

The Judicial Council has evaluated each judge as "QUALIFIED" or "UNQUALIFIED" to retain his or her judicial office. The Council has also stated its recommendation to vote "YES" or "NO" to retain each judge.

SECTION II: SOURCES OF EVALUATION INFORMATION.

A. Information other than surveys. Information regarding judicial performance was based on sources available to the Judicial Council at the time of its recommendations. These sources included: Bar and Peace Officer mail surveys, a review of court and public records, professional and public testimony and personal interviews.

B. Bar and Peace Officer mail surveys. Survey forms for the evaluation of judges were mailed to all members of the Alaska Bar Association and to all peace and probation officers in the state. The graph in this Section shows average scores from the surveys completed by 831 members of the Bar Association and 494 peace and probation officers. There are four summary scores for the supreme court justice and six summary scores for each superior and district court judge. Peace and probation officers were not asked to evaluate the supreme court justice or the legal abilities of trial court judges.

Administration of the surveys was conducted wholly by the Center for Political Studies, Institute for Social Research, University of Michigan at Ann Arbor under contract to the Judicial Council.

A complete copy of the survey results may be obtained by calling or writing to the Alaska Judicial Council, 1031 West Fourth Avenue, Suite 301, Anchorage, Alaska 99501; (907) 279-2526.

POLLING PLACES

The polls will be open from 7:00 a.m. to 8:00 p.m. on Election Day, November 4, 1986.

To assist you on Election Day, the following is a list of polling places for Districts 8-15. To determine your polling place, look at your voter registration card. On the top of the card, you will see a number printed beside the heading "House." This is your district number. Below that, you will see another number printed beside the heading "Voting Precinct." This is your precinct. These same two numbers will appear together on the mailing label on this *Official Election Pamphlet*. Use these two numbers to find your precinct's polling place on the list below.

PLEASE NOTE: In some cases, changes may have occurred in polling place locations after the printing of this pamphlet. Please watch your local newspaper for a list of polling places. If you still have a question about your polling place, call the Elections Office in your area.
