October 1986

Dear Alaskan Voters:

I am pleased to provide you with the 1986 edition of the **Official Election Pamphlet** and hope you will find the information contained in the pamphlet useful when exercising your right to vote in the General Election on November 4, 1986.

In the pamphlet you will find sample ballots, information about each of the ballot measures, the bonding proposition, professional review materials submitted by the Alaska Judicial Council on each judicial retention candidate, maps of districts, a list of polling places and absentee ballot information. In addition, candidates have provided biographical information and personal statements on issues. These pages are written and purchased by the candidates themselves. Those candidates who do not appear in this pamphlet have chosen not to purchase space.

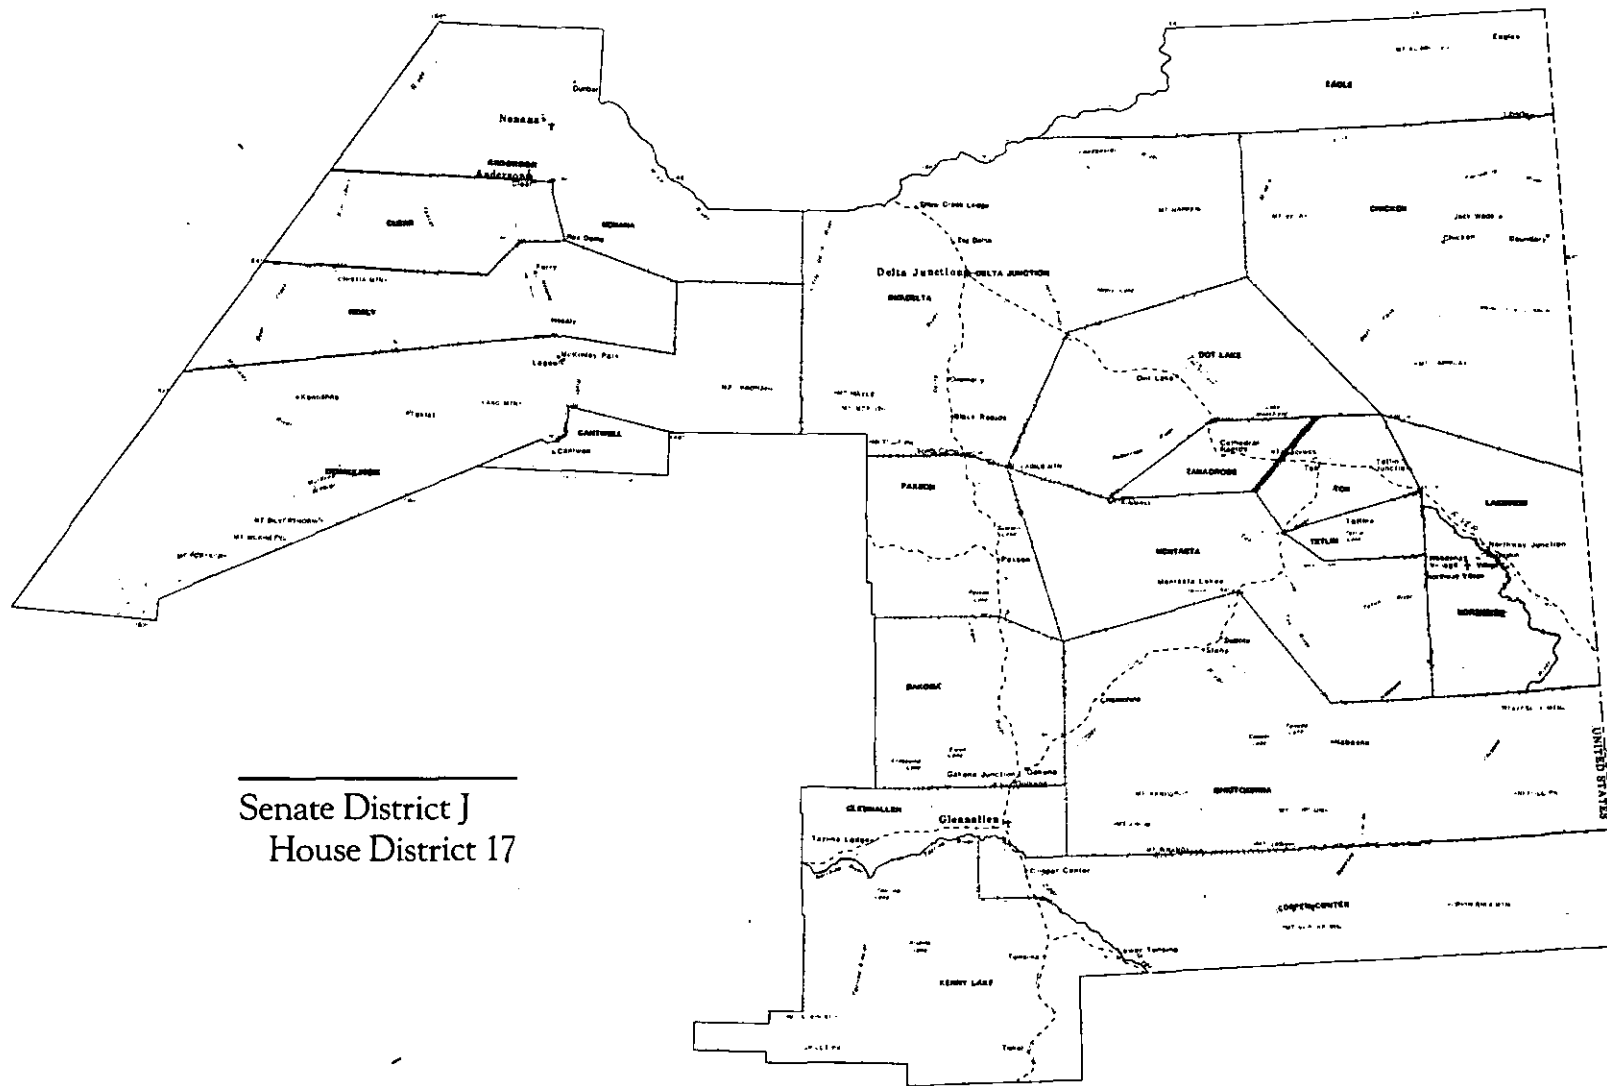

Sincerely,

Sandra J. Stout
Director of Elections

POLLING PLACES

The polls will be open from 7:00 a.m. to 8:00 p.m. on Election Day, November 4, 1986.

To assist you on Election Day, the following is a list of polling places for Districts 17-21. To determine your polling place, look at your voter registration card. On the top of the card, you will see a number printed beside the heading "House." This is your district number. Below that, you will see another number printed beside the heading "Voting Precinct." This is your precinct. These same two numbers will appear together on the mailing label on this *Official Election Pamphlet*. Use these two numbers to find your precinct's polling place on the list below.

PLEASE NOTE: In some cases, changes may have occurred in polling place locations after the printing of this pamphlet. Please watch your local newspaper for a list of polling places. If you still have a question about your polling place, call the Elections Office in your area.

VOTERS WITH SPECIAL NEEDS

IF YOU HAVE DIFFICULTY IN VOTING because of physical disability or handicap, difficulty reading or writing English, or for any other reason, you may bring anyone you choose to help you at the polls. The person you bring can go into the voting booth with you, if you like. This is your right under federal law.

NON-ENGLISH SPEAKING VOTERS:

- **Bilingual assistance** is available at many polling places throughout the State. Let the Division of Elections know if you will need this service when you vote.
- **If you need help in voting because you have difficulty reading or writing English**, or for any other reason, you may bring anyone you choose with you to the polls to help you.

HEARING IMPAIRED VOTERS:

- The Division of Elections now has a special TTY telecommunications device which allows deaf or hearing impaired voters to get general information about the elections by calling **465-3020**.

VISUALLY IMPAIRED VOTERS:

- **Magnifying ballot viewers** for the visually impaired will be made available at all polling places.
- **Audio tape recordings of the 1986 Official Election Pamphlet** are available from the Alaska State Library Services for the Blind and Visually Handicapped, located in Anchorage. You can telephone them at 561-1003 for information.

PHYSICALLY DISABLED VOTERS:

- **If you have difficulty gaining access to your polling place**, please let the Division of Elections know. We are making every effort to ensure that polling places are handicapped-accessible.
- **Don't forget that you can vote absentee by mail or at home through a personal representative.** Information about these methods of voting is given in the preceding pages.

THE ALASKA PERMANENT FUND

ALASKA PERMANENT FUND

A Public Trust Investing for Alaska's Future

The Alaska Permanent Fund was created in 1976, when the voters agreed to amend the state Constitution to require that at least 25% of all the state's mineral royalties and bonuses be saved, rather than spent. Since then, the legislature has made three special appropriations to the Permanent Fund, including one which transferred the Fund's entire undistributed income account (\$1.26 billion) to the principal, effective July 1, 1986.

This year, for the fifth consecutive year, the Fund exceeded its long-term goal of a 3% realized real rate of return. In fact, the 10.79% earned after inflation in fiscal 1986 was the highest in the history of the Fund.

The Permanent Fund is made up of two parts: principal and income. Principal is the main body of the trust. Income is the money earned from the investment of the principal. Since fiscal 1983, all Fund net income has been added to principal or used to pay dividends.

Expenditure of the principal is prohibited by the state Constitution. There is no prohibition on the expenditure of Fund income.

Net income earned in fiscal 1986 was \$1.02 billion, including \$323 million in capital gains. Of this, \$303 million was paid out as dividends, \$216 million was added to principal for inflation-proofing, and the rest was added to principal as part of the 1986 special appropriation of the Fund's undistributed income.

PRINCIPAL

*as of July 1, 1986

NET INCOME

Use of Fund Earnings

The decisions about what to do with the earnings of the Fund were made in 1982, when the legislature created the dividend program, inflation-proofing, and the undistributed income account.

These decisions were modified slightly when the 1986 legislature approved a minor change to the dividend program, effective with next year's payment, and renamed the undistributed income account the earnings reserve account.

Current law provides for use of the annual earnings as follows:

First, to pay dividends. Each year, one-half of the Fund's net income, averaged over five years, is distributed directly to all the citizens of Alaska who make application and qualify. (Note: The 1986 legislature changed the five-year averaging provision to 21% of five years' income, effective with next year's dividend.)

Second, to inflation-proof the Fund. Each year, net income in an amount sufficient to offset the rate of inflation is added automatically to principal. Inflation this year was 3.57%.

Third, after both of the above are provided for, any income remaining is retained in the Permanent Fund in what used to be called the undistributed income account, now called the earnings reserve account.

The Fund's future growth rate, and its ability to produce increased income in the years ahead, will be determined largely by the state's ability to continue adding to principal in the future. Current projections, which assume additions of future inflation-proofing amounts to principal, indicate that the Fund will be producing \$1.5 billion in annual net income by the year 2000, and \$2 billion per year by 2005.

ALASKA PERMANENT FUND

Management of the Fund

To separate the savings account from spending, the Permanent Fund is managed as a public corporation. The public corporation is known as the Alaska Permanent Fund Corporation. It was established by the legislature in 1980, and has three goals: (1) save a portion of the state's one-time oil wealth to benefit all generations of Alaskans; (2) protect those savings from loss of value; and (3) invest those savings to produce income for uses provided by law.

Within a statutory framework, policy is decided independently by a board of six trustees. Day-to-day operations are carried out by an executive director and an 11-person staff. Additionally, equity investment firms, real estate advisors and custodial banks assist the Corporation on a contractual basis.

The dividend program is not administered by the Corporation. It is administered by the Department of Revenue. The Corporation's responsibility is to transfer the money required for the dividend distribution, to the state, in September of each year.

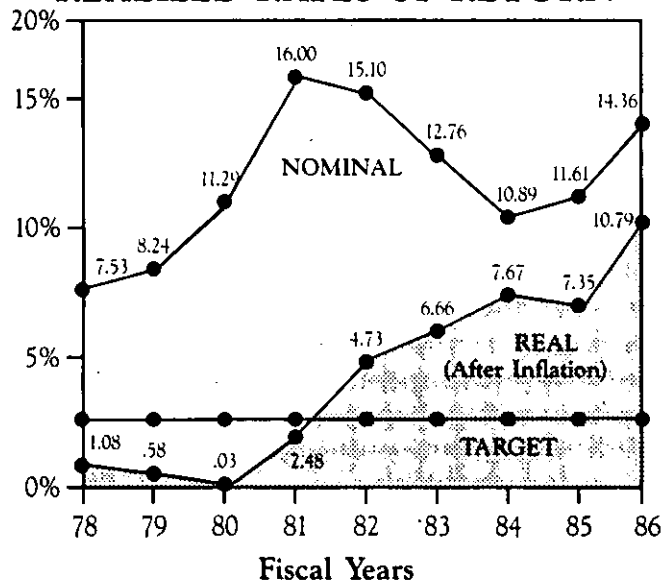

In accordance with the Prudent Investor Rule, the trustees have adopted a conservative investment strategy for the Permanent Fund. Assets are invested according to the following allocation: bonds—76%; stocks—17.5%; and real estate—6.5%.

The trustees make Alaskan investments to the extent in-state investments are available, provided the risk levels and expected yields are comparable to alternate investment opportunities. Approximately \$350 million, about 5%, of the Permanent Fund is committed to investments in Alaska.

For more information about the Fund's operations, or to be added to the mailing list for monthly financial statements and annual reports, write to:

MESSAGES FROM POLITICAL PARTIES

ALASKA DEMOCRATIC PARTY

The Party that puts Alaskans first

The Alaska Democratic Party is the party of statehood—the party of our heritage and of our future. It is more than a special group of people with narrow interests—the interests of the Alaska Democratic Party are the same as those of all Alaskans: long term, stable economy and new jobs, fair and equitable treatment for all, a decent standard of housing and living, and an education that prepares future generations of Alaskans for the challenges ahead.

Look at what the Alaska Democratic Party has done:

- **The ADP has consistently been the party that puts Alaskans first:**
 - By fighting for Subsistence rights and local control of natural resources;
 - By developing and adopting effective local hire legislation;
 - By demanding equal treatment from the federal government.
- **The ADP has consistently been the party of Economic Development:**
 - By strongly supporting tourism promotion and development;
 - By negotiating the first Alaska-Canada salmon treaty;
 - By pushing for public/private partnerships to develop our minerals.
- **The ADP has consistently been the party of Open Government:**
 - By establishing the APOC and resisting efforts to kill it;
 - By demanding open meetings and public access to the legislature;
 - By writing tough legislative and executive branch ethics laws.
- **The ADP has consistently been the party of the Future:**
 - By creating the Permanent Fund;
 - By protecting it from attempts to erode our legacy;
 - By not being afraid to make tough decisions with long term benefits.

This is some of what the Alaska Democratic Party stands for—some of what we believe. Equal and fair treatment for all, justice, honesty and vision for the future.

The Alaska Democratic Party does not believe that people should expect government to take care of their every need or want, but we expect government to protect those Alaskans who through no fault of their own need help to become productive citizens.

When you compare the three parties, I'm sure you'll see why more people in this state who choose parties, choose the Democratic Party. We hope you'll consider doing that also.

Sincerely,

Jack Roderick, Chair

Why should you vote for **Alaska Libertarian Party** Candidates?

Libertarians believe—really believe—in **freedom**: Freedom to live your life as you decide, so long as you do not aggress against others.

Republicans and Democrats believe in **control**: Control over how you live your life, how you spend your money, how you use your property. Unlike Libertarians, they think its O.K. to **aggress . . . against you!** The only disagreements between Republicans and Democrats are over what should be controlled; there's no real difference in **principle**—both are **authoritarians**—both believe in government aggression against the individual to achieve their goals.

Libertarians believe most people can solve their own problems if allowed to keep the money they've earned, and allowed the **freedom** to make their own decisions. **No one** is better qualified than **you** to decide what is **important**—what is **valuable**—to **you!**

Republicans and Democrats are **elitists**: they believe **you are too stupid** to make your own decisions.

Libertarians believe the sole purpose of government is to protect the rights of individuals. Republicans and Democrats recognize no limits to the functions and powers of government.

If you are tired of the “same old thing” then **stop voting** for the “same old thing”! **Vote Libertarian!**

And what if there is no Libertarian Party candidate to vote for? We encourage you to write in “**None of the above.**” It will not keep any corrupt politicians out of power, but **they will know you do not approve** of their corruption (and it will make you feel better, too)!

If you think government is too big, too wasteful, too powerful, too corrupt, then vote **Libertarian**: We don't want power over **YOUR LIFE**, only over **our own!**

Make a Commitment to Alaska

JOBS FOR ALASKANS

- Make sure local residents have a fair chance for good jobs.
- Use state government to promote the creation of new jobs.
- To support private sector job creation rather than government expansion.
- Support job retraining programs for a changing job market.

NO NEW TAXES

- Some of our opponents are crying for a return to the income tax or are trying to dream up new ways to take money from the working people of Alaska and the companies that employ them.
- We recognize that the State of Alaska has suffered a loss of revenue because of oil price declines. But an immediate decision to raise somebody's taxes is the wrong answer to the problem.
- We support a stable tax policy.
- Alaska's leaders should be looking first at tightening up on state spending, reducing duplication in government and eliminating unnecessary, politically-inspired programs.

PROTECT THE PERMANENT FUND

- The Permanent Fund was created to be **OUR** share in Alaska's future.
- We should be preserving it to assure a bright future.
- The Permanent Fund can be run to assure a sound economy for our state for years to come.

OUR COMMITMENT

- To quality education.
- To a strong economy.
- To tough law enforcement.
- To effective government.
- To preserving our precious native cultural heritages.
- To eliminate unnecessary regulations that keep private industry from creating jobs.
- To sound use of natural resources.
- To opening new markets for Alaskan products.

In 1982 the voters adopted an amendment to the Alaska Constitution which limits the amount of money that the legislature may appropriate. The 1982 amendment provided for reconsideration of the limit by the voters at this general election. Article IX, sec. 16, of the Alaska Constitution limits appropriations for a fiscal year to \$2.5 billion, adjusted annually for changes in population and inflation since 1981. At least one-third of the limitation amount is reserved for appropriations for capital projects and state loan programs. The remainder (up to two-thirds) may be spent for governmental operations. Appropriations to the Alaska Permanent Fund and appropriations or bond authorizations for capital projects may exceed this limit if they are not vetoed by the governor and are approved by the voters. LONGEVITY BONUS ANNUITY PROGRAM
(Ch. 99 SLA 85, SB56)

The Fourteenth Alaska State Legislature considered two alternatives to the present longevity bonus program. Both were adopted into law, but neither will take effect unless the legislature chooses one of them. The legislature has asked for an advisory vote of the public on the annuity option which is described below.

The annuity option provides that every individual who reaches age 65 by January 1, 1988, including those already receiving the bonus, would receive a longevity bonus payment of \$250 per month. In addition, a person under age 65 on January 1, 1988, could participate in an optional annuity program by depositing all or part of his or her permanent fund dividends in an account held by the state. Upon reaching age 65, a person would receive a monthly payment in an amount determined by how much was contributed to the account. The annuity payments would be supplemented with declining longevity bonus payments paid for with general funds until the annuity accounts were large enough to provide monthly payments of \$250 a month.

The second option provides that every individual who is 65 years old by January 1, 1988, including those already receiving the bonus, will receive a longevity bonus payment of \$250 per month, but that anybody younger than age 65 by January 1, 1988, would not be eligible for benefits.

Approval of the proposal would authorize the Alaska Housing Finance Corporation to issue revenue bonds unconditionally guaranteed by the state in the principal amount of \$600,000,000 or less for the purchase of residential mortgages for qualifying veterans. This proposal provides that in the event of a default the state would pay the principal and interest on these bonds. The state's liability for these bonds would be limited to the principal amount of the bonds up to \$600,000,000, plus interest. A qualifying veteran is a person who is a "qualified veteran" under 26 U.S.C., Sec. 103A.

LEGISLATIVE AFFAIRS AGENCY SUMMARY

Constitutional Amendment
(2d FCCSSJR 4; Leg. Res. 1, FSSLA 1981)

This proposition will continue the effect of the appropriations limit under the Constitution of the State of Alaska that was approved November 2, 1982. If this proposition is rejected the appropriation limit is repealed.

Under this proposition the limit for a fiscal year would continue to be \$2,500,000,000 plus an amount representing cumulative changes in population and inflation from July 1, 1981, to the fiscal year in question. Within the limit on appropriations one-third of the amount available to be appropriated would continue to be reserved for capital projects and loan appropriations.

The following appropriations would continue to be exempt from the limit on appropriations:

1. an appropriation for Alaska permanent fund dividends;
2. an appropriation of revenue bond proceeds;
3. an appropriation to pay principal and interest on state general obligation bonds;
4. an appropriation of money received from non-state sources in trust for specific purposes;
5. an appropriation to the Alaska permanent fund if the appropriation bill is approved by the governor, becomes law without the signature of the governor, or is passed by a three-fourths vote of the membership of the legislature over the veto of the governor; and is approved by the voters as prescribed by law;
6. an appropriation for capital projects if the appropriations bill is confined to projects of the same type; is approved by the governor, becomes law without the signature of the governor, or is passed by a three-fourths vote of the membership of the legislature over the veto of the governor; and is approved by the voters as prescribed by law after the voters are informed of the cost of operations and maintenance of the proposed projects; and
7. an appropriation to meet a state of disaster declared by the governor, as prescribed by law.

BALLOT MEASURE NO. 1

FULL TEXT OF PROPOSED CONSTITUTIONAL AMENDMENT

SECTION 16. APPROPRIATION LIMIT. Except for appropriations for Alaska permanent fund dividends, appropriations of revenue bond proceeds, appropriations required to pay the principal and interest on general obligation bonds, and appropriations of money received from a non-State source in trust for a specific purpose, including revenues of a public enterprise or public corporation of the State that issues revenue bonds, appropriations from the treasury made for a fiscal year shall not exceed \$2,500,000,000 by more than the cumulative change, derived from federal indices as prescribed by law, in population and inflation since July 1, 1981. Within this limit, at least one-third shall be reserved for capital projects and loan appropriations. The legislature may exceed this limit in bills for appropriations to the Alaska permanent fund and in bills for appropriations for capital projects, whether of bond proceeds or otherwise, if each bill is approved by the governor, or passed by affirmative vote of three-fourths of the membership of the legislature over a veto or item veto, or becomes law without a signature, and is also approved by the voters as prescribed by law. Each bill for appropriations for capital projects in excess of the limit shall be confined to capital projects of the same type, and the voters shall, as provided by law, be informed of the cost of operations and maintenance of the capital projects. No other appropriation in excess of this limit may be made except to meet a state of disaster declared by the governor as prescribed by law. The governor shall cause any unexpended and unappropriated balance to be invested so as to yield competitive market rates to the treasury.

SECTION 26. APPROPRIATIONS FOR RELOCATION OF THE CAPITAL. If a majority of those voting on the question at the general election in 1982 approve the ballot proposition for the total cost to the State of providing for relocation of the capital, no additional voter approval of appropriations for that purpose within the cost approved by the voters is required under the 1982 amendment limiting increases in appropriations. (art. IX, sec. 16).

SECTION 27. RECONSIDERATION OF AMENDMENT LIMITING INCREASES IN APPROPRIATIONS. If the 1982 amendment limiting appropriation increases (art. IX, sec. 16) is adopted, the lieutenant governor shall cause the ballot title and proposition for the amendment to be placed on the ballot again at the general election in 1986. If the majority of those voting on the proposition in 1986 rejects the amendment, it shall be repealed.

SECTION 28. APPLICATION OF AMENDMENT. The 1982 amendment limiting appropriation increases (art. IX, sec. 16) applies to appropriations made for fiscal year 1984 and thereafter.

No statements in support of or opposed to Ballot Measure No. 1 were received.

LEGISLATIVE AFFAIRS AGENCY SUMMARY

(HCS SJR 40 (Jud) am H)

This proposal for a constitutional amendment would allow the legislature to annul a regulation adopted by a state department or agency by its adoption of a concurrent resolution. Under the present provisions of the constitution, the legislature may annul a regulation only by the enactment of a bill that is subject to the veto of the governor; if the governor vetoes the bill, the constitution now requires a two-thirds affirmative vote of the legislature assembled in joint session to override the veto.

If the legislature adopts a concurrent resolution to annul a regulation under the authority proposed here, the annulment would be effective thirty days after the date the concurrent resolution is approved by both houses unless the resolution specified a different date. The concurrent resolution would not be subject to the veto of the governor. Adoption would require three readings in each house on three separate days except that it may be advanced from second to third reading on the same day by the concurrence of three-fourths of the membership of the house considering it. Adoption would require approval by a majority vote of each membership of each house. The vote on final passage must be entered into the journal.

SECTION 22. ANNULMENT OF REGULATIONS. The legislature by concurrent resolution may annul a regulation adopted by a state department or agency. The annulment of the regulation is effective thirty days after the date the concurrent resolution is approved by both houses unless the concurrent resolution specifies a different date. BALLOT MEASURE NO. 2

STATEMENT IN SUPPORT OF BALLOT MEASURE NO. 2

The issue is basically simple: should bureaucrats or the Legislature be the ultimate lawmaking authority?

All 60 members of the Legislature (40 House and 20 Senate) are elected by the people. They are all voted into, and out of, office by individual voters. The Alaska Constitution says, "The legislative (i.e., lawmaking) power of the State is vested in a Legislature consisting of a Senate . . . and a House of Representatives . . ." The Legislature proposes, considers, and enacts laws, known collectively as the Alaska Statutes (if general and permanent) or as the Session Laws of Alaska (if specific and temporary).

All bureaucrats who promulgate (i.e., enact and enforce) regulations (theoretically, to put laws into effect) are in the Executive Branch, headed by the Governor. Bureaucrats are not voted into office and thus cannot be removed by the people. Instead, bureaucrats are hired by the Governor or by his/her appointees, and thus can only be removed from office by the Governor or by somebody answerable to him/her. However, the regulations promulgated by the bureaucrats, known collectively as the Alaska Administrative Code, have the force of law and affect all of us, sometimes adversely.

What can be done about a law that's bad? It can be repealed by the Legislature or, in some cases, by the people directly via an initiative petition.

What about a regulation that's bad? It can only be repealed by the bureaucrats who promulgated it, up to and including the Governor. If the Legislature tries to repeal a regulation by passing a bill, the Governor will almost certainly (and always has, in the past) veto the bill so that the bad regulation stays in full force and effect.

Now, if the Legislature had the power to repeal regulations by passing a concurrent resolution (instead of a bill), then the resolution could not be vetoed by the Governor. Thus, the Legislature would be able to get rid of bad regulations, which in effect it cannot do now.

Would this give the Legislature too much power? Not hardly. Since the Legislature already has full power to enact laws, why shouldn't it have full power to repeal all laws, including regulations?

Why do Governors and bureaucrats oppose giving the Legislature such regulatory repeal power? Because Governors and their handpicked bureaucrats, which are answerable only to the Governor (and cannot be removed by the people, which can remove Legislators), don't want to lose the power they now have to promulgate and enforce any regulation they want. It's that simple.

If you feel that the Legislature should have the power to repeal regulations via concurrent resolution (not vetoable by the Governor), vote **FOR** the ballot measure. If you feel that bureaucrats should be the ultimate lawmaking authority, vote otherwise.

I recommend that you vote **FOR**. Only in this way will we realistically be able to get rid of bad regulations.

State Representative

STATEMENT OPPOSING BALLOT MEASURE NO. 2

For the third time in six years, the legislature insists on confronting the voters with a proposed constitutional amendment giving the legislature a short-cut to law-making—another attempt by the legislature to concentrate governmental power in its own hands. The voters rejected a similar proposal in 1980 and the identical proposal in 1984. It should be rejected again.

Under the current constitution and statutes, the legislature has all the power it needs to make laws and to limit or guide the adoption of administrative regulations. Regulations are adopted to implement statutes. They have the force of law. Nullifying them changes the law. This proposal would enable legislators to use a law-making procedure that is not subject to veto by the governor or repeal by referendum, and that would be used to ignore the prohibition against special and local legislation.

The constitution now provides for a balance of power between the legislative, executive, and judicial branches of the government. This balance requires a blending or sharing, as well as a dividing, of governmental responsibilities. If this constitutional amendment were to be approved by the voters, it would enable the legislature not only to write the laws, as has traditionally been the legislature's function, but it would also enable the legislature to act in place of the courts in deciding whether the executive has lawfully executed the laws when adopting a regulation, and it would empower the legislature to act in place of the executive by reversing a specific executive-branch decision.

In its intent statement accompanying this proposal, the legislature admitted that the "difficulty in achieving [the two-thirds] majority [to override a veto] in opposition to the governor and the governor's administration has led the legislature to propose this amendment." In other words, the fear that the governor might veto a bill and that not enough legislators would agree to override that veto prompted this short-cut approach to law-making. That fear overlooks the governor's accountability to the voters throughout the state.

The annulment is like a repeal. The legislature would act only in a negative way. It would not be providing the sort of policy guidance and direction that is appropriate to its law-making function. The legislature would be saying to the agency "your decision to adopt that regulation is wrong." But it would not be telling the agency what would be right. This is especially troublesome when dealing with a complex subject. Without any guidance beyond the statute that the executive-branch agency was trying to implement in the first place, the agency is left with only the option to guess again. That is neither an efficient nor appropriate way to run the government.

The Alaska Supreme Court has ruled that the legislature must abide by the constitution's checks and balances on its power, including when it acts to annul regulations. The present proposal is intended to overrule the court's decision. As mentioned when the voters rejected the 1980 and 1984 proposals, this amendment would aid legislators, not the public, and it should be rejected.

Advisory Vote on Longevity Bonus Annuity Program Ch. 99 SLA 85 (SB56)

BALLOT LANGUAGE

(As it will appear on the November 4, 1986, General Election Ballot)

The Fourteenth Alaska State Legislature considered two alternatives to the present longevity bonus program. Both were adopted into law, but neither will take effect unless the legislature chooses one of them. The legislature has asked for an advisory vote of the public on the annuity option which is described below.

The annuity option provides that every individual who reaches age 65 by January 1, 1988, including those already receiving the bonus, would receive a longevity bonus payment of \$250 per month. In addition, a person under age 65 on January 1, 1988, could participate in an optional annuity program by depositing all or part of his or her permanent fund dividends in an account held by the state. Upon reaching age 65, a person would receive a monthly payment in an amount determined by how much was contributed to the account. The annuity payments would be supplemented with declining longevity bonus payments paid for with general funds until the annuity accounts were large enough to provide monthly payments of \$250 a month.

The second option provides that every individual who is 65 years old by January 1, 1988, including those already receiving the bonus, will receive a longevity bonus payment of \$250 per month, but that anybody younger than age 65 by January 1, 1988, would not be eligible for benefits.

Should the legislature adopt the annuity option? YES
NO

LEGISLATIVE AFFAIRS AGENCY SUMMARY

(Ch. 9 SLA 85 CCSSB 56)

This question is advisory to the legislature as to whether an annuity program should be adopted to replace the longevity bonus program.

Under the proposed program, a person could elect to receive his or her permanent fund dividend in cash, as a credit in an annuity account, or a combination of the two. A person who is 65 years old on or before January 1, 1988, or persons with certain debts could only receive the dividend in cash.

Upon reaching the age of 65, a person with credit in an annuity account would receive an annuity in the form of a monthly payment based upon the principal and accrued interest in the person's annuity account. If a person dies before age 65, a lump sum payment could be made to a designated beneficiary or to the decedent's estate.

Persons 65 years of age on or before January 1, 1988, who otherwise qualify would continue to receive a monthly longevity bonus payment of \$250. Otherwise, the monthly longevity bonus payment would be equal to \$250 minus the maximum possible straight life annuity for a person 65 years of age under the annuity program.

If the annuity program is rejected, the legislature will consider limiting the existing longevity bonus program to people who are 65 years of age on or before January 1, 1988.

BALLOT MEASURE NO. 3

STATEMENT IN SUPPORT OF BALLOT MEASURE NO. 3

The annuity plan is designed to assist Alaskans in retaining and continuing the longevity bonus concept.

It appears, by personal choice, to be the only way additional Alaskans can continue to qualify and then receive the bonus through the means of an annuity.

In these times of economic stress, the enactment of an annuity plan would lessen the present financial burden the state is carrying under the plan presently in effect.

Besides providing a retirement plan for Alaskans of all ages, no matter whether they are employed by the state or the private sector, continuing the bonus will help keep people off welfare and in their own homes.

It's your choice, just like the annuity would be your choice. You may not personally need the help it will provide, but thousands of other Alaskans certainly do.

Bill Ray
State Senator

STATEMENT OPPOSING BALLOT MEASURE NO. 3

In the simplest words possible, the Annuity Program would give every Alaskan the choice of banking their permanent fund dividend in yet another State controlled pension fund or simply receiving the dividend. It is offered as an apology to all the people who will not be 65 years or older on January 1st, 1988 and will not be able to participate in the current Longevity Bonus Program.

The Annuity Program is simply a smoke-screen for what your Legislator is afraid to tell you. That is we can no longer afford the Longevity Bonus Program since the Supreme Court ruled that we cannot limit the Bonus only to Alaskan Pioneers (residents before Statehood).

The Longevity Bonus costs \$50 million annually and is growing by leaps and bounds since the court threw open the doors two years ago. If you are 65 years old and resident for one year, you are eligible for the \$250 per month bonus. These simple requirements make it astonishingly easy to cheat. Alaskans should question just how much of the annual \$50 million giveaway is flying south every month. The largess of the Longevity Bonus is what caused the Legislature to dream up the Annuity Program alternative.

We don't need an Alaskan version of the Federal Social Security System. Invest your Permanent Fund Dividend in any Individual Retirement Account (IRA) and you will exceed all the benefits and security that the Annuity Program will have to offer. There are thousands of private IRAs and pension funds to invest in that offer you a lot more flexibility and control over your own money than the proposed Annuity Program.

In a letter from Governor Sheffield to House Speaker Grussendorf on June 17, 1985* the Governor said the proposed Annuity Program "...could be taxable...an individual has no vested property right...no ability to withdraw contributions or earnings...no ability to transfer or rollover to another plan..." and "There is no option for an individual to manage or direct the investment." The Governor went on to say that "It is hard to see who would utilize the Annuity Program" and "It is conceivable that the program would be such a failure that the administration costs would totally consume the contributions..."

A "NO" vote on Ballot Proposition No. 3 would send a clear signal to the next Legislature that we don't want another tax supported retirement plan. We need to phase-out or "stair step" away from the well intended but fiscally irresponsible Longevity Bonus Program.

Alaskans pride themselves on being individuals. Being an individual means freely managing our own affairs including our own retirement. Individualism does not mean living to retire off the sweat and taxes of other Alaskans.

Vote "NO" on Ballot Proposition #3.

BALLOT MEASURE NO. 3

Using current forecasts of Alaska's population and economy, the State Office of Management and Budget estimates that between now and the year 2002, the General Fund costs of the annuity option will be \$774 million, compared to the General Fund costs of the second option of \$521 million. After the year 2002, the annual costs of both options will be identical, and in both cases will decline. By about the year 2034, General Fund payments under both programs will have been completely phased out.

STATEMENT:

Your vote for a Libertarian candidate means you do not want more of the same—continuing tax increases, and government intervention in your life. Individual liberty is the issue. I hold that all individuals have the right to exercise sole dominion over their own lives, and have the right to live in whatever manner they choose, so long as they do not forcibly interfere with the equal right of others to live in whatever manner they choose. We can return to individual liberty in this country if we:

Abolish the IRS

The Internal Revenue "Service" is among the most destructive of the government intrusions into our life. We are virtually slaves to the government to support the ongoing spending orgy.

Privatize Government Holdings

We can eliminate the deficit and increase economic prosperity by selling government land (government has no business owning land); corporations (railroads, etc.); services (Postal Service, etc.). Private enterprise has always proved to be more efficient at management of its resources. Services that are not profitable should be provided by concerned charitable organizations.

Adopt a Foreign Policy of Non-intervention

We are alienating people around the world with our policy of intervening in their affairs. I am convinced this is a major contributing factor to the rise in world terrorism.

End the Destructive War Against Victimless Crimes

Armed government officials on all levels are forcibly interfering with individuals peaceful pursuit of life, liberty, and happiness. Individual responsibility for our own actions is the answer.

SERVICE ORGANIZATION(S) MEMBERSHIP: National Rifle Association; Pioneers of Alaska; American Legion; Elks; Alaska Conservation Society

SPECIAL INTERESTS: Hunting and fishing in Alaska

STATEMENT:

As your U.S. Senator, I'm developing ways to strengthen and diversify our economy, including: authoring the federal local hire law for Alaska; opening export markets in the Pacific Rim; clearing way for export of Cook Inlet oil; restricting foreign fishermen from fishing off our shores; increasing federal highway maintenance funds; promoting tourism; and cutting unnecessary bureaucratic delays enabling Alaskans to create new jobs.

My Arctic Science Policy Act allows us to make responsible decisions about development, while safeguarding our ecology and environment.

I firmly support a strong national defense and am working toward nuclear arms reduction. Another priority for me is improving Alaska's defense, like the Light Infantry Division and AWACS. As Veterans Committee Chairman, I've worked to ensure adequate health care and other benefits for veterans, and I'm working to account for our MIA's.

I cosponsored the balanced budget law and tax reduction act. I support continued federal funding for education, for assistance to our truly needy, and for fighting the drug influence on our youth.

I've taken a leadership role in the "1991" issue to ensure that our Native people can make decisions concerning their future, while safeguarding the interests of all Alaskans.

Alaska's future today is as bright as ever. Our current economic challenge means new opportunities, and as a 44-year Alaska resident, I know Alaskans will find those opportunities and continue to prosper.

I'm confident that by working together, we can shape the destiny of our state for the benefit of future generations of Alaskans.

STATEMENT:

Alaskan Advocate

Ignorance and neglect in Washington, D.C., of Alaska's unique position, history, resources, needs and contributions to the nation and world must be changed. Prohibition of oil export to Japan, legislation forbidding oil exploration in ANWR, establishing the Arctic Research Council in California, and attempts to separate Alaska's Integrated Defense Command show how little Washington understands Alaska.

The Deficit

Congressional duty to balance the budget has been shirked. Buying economic health, employment or national security on credit is deceptive, contradictory and immoral.

Defense

Threatened by nuclear blackmail, with freedom at risk, we must sustain a strong defense. But our burgeoning, overkilling nuclear deterrence goes beyond reason and necessity.

Meantime, Alaska lacks the conventional strength its strategic position requires.

Veterans

Those who defended us with their lives must be defended against the present Senate leadership's breaking our nation's pledge of medical and support services.

Native Land Claims

ANCSA's 1971 goals included legitimate land ownership with viable and alternative lifestyles for Alaska's Natives. Amendments that strengthen those objectives should be supported.

Health, Education and Human Welfare

Effective education and training is excellent insurance for tomorrow. Services essential to public health and welfare must be maintained. Human welfare is an achievement, not a gift.

The world's problems are Alaska's opportunities. We need fresh ideas, courageous legislation, and honest, hard-working leaders. My life—in service to four Presidents, as United Nations Ambassador, and leading University communities—has demonstrated these qualities. I wish now to serve Alaskans as our voice in the U.S. Senate.

STATEMENT:

Alaskans are facing economic uncertainty due to falling oil prices and declining revenues. To face the challenges of the future, Alaskans need and deserve strong leadership in Congress. We must find innovative solutions to bolster our economy and provide stability for all Alaskans.

As our dependence on oil wanes, we must rely on our renewable resources to provide employment opportunities. Since Alaska is the site of the world's richest salmon fishery and the provider of two-fifths of the nation's harvested fish, I will aggressively pursue the Americanization of our fisheries. Alaskans must reap the benefits of this major resource.

Our timber industry can provide stable employment for Southeast residents if permanent solutions are found to the problems of Southeast pulp mills. New markets for those products must be found and economic diversity must be promoted in that area to ensure a stable, year-round economy.

Tourism plays a vital role in Alaska's economy. My plan to ensure the growth of that industry includes modification of visa laws, allowing foreign visitors stop over time in Anchorage, permit foreign built cruise ships to base and transport within Alaska, and coordinate state and federal agencies to assure benefits to Alaska's tourist industry.

As Alaskans, we strive for equality and opportunity for all. The federal government must guarantee these rights. We must meet the challenge and provide excellence in our education system. Our children are our future and we must meet all their educational needs to sustain the promise of a bright future for all.

EDUCATION:

College/University—Harvard/Radcliffe; 1956-1960; B.A. (Sociology/
Psychology); UCLA, 1967-1970, M.A., Partial Ph.D. (Middle East-
ern Studies); Alaska Common Law School, Kenai, current corre-
spondence student

POLITICAL AND GOVERNMENT POSITIONS: Citizen Activist;
Volunteer registered lobbyist for citizens groups statewide

BUSINESS AND PROFESSIONAL POSITIONS: Legal Secretary,
Alaska Public Defender; Historic Entertainment Director, Paystreak
Gold Camp; 13 years Federal employment; exempt private school direc-
tor; minister

SERVICE ORGANIZATION(S) MEMBERSHIP: United Alaska
Minority Coalition (founding member); Beyond War Movement; Reci-
pient, Alaska Minority Business Task Force "Against All Odds" Award

SPECIAL INTERESTS: Self-attorney in public interest litigation (praised
by Juneau newspaper for teaching all citizens that "you can fight City
Hall")

OTHER: My direct ancestor hung the lanterns for Paul Revere's famous
ride heralding the start of the American Revolution. The flame of
freedom still burns brightly in my heart.

STATEMENT:

I am a nonpartisan running as a Libertarian because the Libertarian Party supports easier ballot access for nonpartisans, who must obtain 2,000 signatures to get on the ballot.

The majority of Alaska's voters are nonpartisans, but nonpartisans are **not** represented in the State Election Brochure as parties are; **not** eligible for appointment to Alaska Public Offices Commission or as election judges; **not** allowed certain campaign financing privileges party candidates have; and **cannot** get a majority on the State Board of Education.

Whatever happened to democracy in Alaska? Power has evolved away from the people and into the hands of parties, politicians, and business.

Money and the party system are the biggest political problems our nation faces. The Golden Rule of Politics is: "**Those who have the gold rule.**" George Washington, the great nonpartisan who founded this nation, warned against permitting the dissension political parties stir up to weaken the unity so necessary for national survival, saying: "**Party Spirit is Truly the Worst Enemy of Popular Government.**"

My goals are to break the stranglehold of parties and money on the political process; improve citizen access to and participation in government using modern technology; and increase legislative responsiveness and accountability.

My long-term concerns are for the survival of life on earth in the face of potential nuclear disaster and the EPA-predicted catastrophic warming of the earth by the year 2030.

I advocate proper use of our instruments of self-government to ensure our survival as a nation and as a species.

SPECIAL INTERESTS: Hunting; fishing; trapping; gun-collecting

OTHER: After serving in the army, Don Young decided Alaska was where
he wanted to make his future. Starting in Anchorage, he worked on
several construction projects and did some commercial fishing before he
took a job teaching school in Fort Yukon.

STATEMENT:

Elected to Congress, March 6, 1973, Don Young was appointed to the two major committees that affect Alaska most—Interior and Merchant Marine and Fisheries.

In 1985, he was appointed to the Post Office and Civil Service Committee.

Accomplishments—Upon arrival in Congress, Don Young sponsored and led the fight for authorization of the oil pipeline. That battle was won in August, 1973. Next, Don sponsored and spearheaded the 200-mile fishing limit legislation. That effort was also successful.

For four years Don fought for Alaska's position during debate on the Alaska National Interest Lands legislation. This delayed enactment until a more favorable law was passed. More recently, Don has successfully worked on other important issues, including: tax and IRS reforms, OCS revenue sharing, the Red Dog Mine, Coast Guard funding, oil export, the 6th Light Division, military modernization, sustained timber harvest, port projects, senior citizen assistance and veterans programs.

Seniority—During his seven terms in Congress, Don has risen dramatically in seniority and influence. He is now ranking member of the Full Interior Committee and serves in a senior position on several crucial subcommittees: Parks and Public Lands, Fish and Wildlife, Mining, Coast Guard, and Outercontinental shelf. Don is also the ranking member of the subcommittee on Postal Personnel and Modernization.

Service—In addition to passing legislation, Congressman Young also responded to over 275,000 requests from Alaskans for help with the federal bureaucracy. With your support, Congressman Young will continue to use his experience and influence to Alaska's best advantage.

STATEMENT:

I'd like to put an Alaska economic recovery plan in place, based on the realities of the marketplace and a sound assessment of our many talents. This recovery must include rural Alaska, which has its own special problems.

The Alaskan economy of the future will depend on our ability to compete in the world marketplace. We should require the teaching of Japanese, Chinese and Russian history in the public schools and encourage the teaching of foreign languages. We should establish an International Trade Center to bring in people from the business, financial and government sectors of nations with which we expect to trade. From them we can learn how to sell to their markets and from us they'll learn about the resources of Alaska.

In order to get ahead in the 1990s, we'll have to learn new skills. The solutions of the 1960s won't work any more. Our government should promote the use and understanding of modern information systems. Our civil court system must be restructured so it handles disputes quickly and at the lowest possible cost to the public. We should aggressively seek markets for our demonstrated skills in cold-weather engineering and construction, telecommunications and energy technology.

We can make this fast adjustment to the economic realities of today, because we are a strong people: we're smart, ambitious, creative and versatile. We are willing to take the risks that are necessary to become leaders. We have promises to keep to all the world. We are Alaskans.

DATE OF BIRTH: 5/23/49

PLACE OF BIRTH: Yakima, Washington

NAME OF SPOUSE: Dana Sue McAlpine

CHILDREN: Sean Michael McAlpine, 2 years

RESIDENCE ADDRESS:

706 N. Moraine
Valdez, AK 99686

MAILING ADDRESS:

P.O. Box 1476
Juneau, AK 99802

OCCUPATION: Employed as a Laborer, Teamster, Commercial Fisherman; worked as a State of Alaska employee and in a Management Staff position during construction of the Trans-Alaska Pipeline; Attorney

LENGTH OF RESIDENCY IN ALASKA: 16 years, Valdez

EDUCATION: Graduated, University of Washington, Bachelor of Arts degree in History and Political Science; University of Puget Sound School of Law, Juris Doctorate

MILITARY SERVICE: Honorable discharge from United States Army Reserve, 1971

POLITICAL AND GOVERNMENT POSITIONS: Elected to the Valdez City Council in 1979. Became Valdez's first popularly elected Mayor and was reelected Mayor in 1981. In November 1982, elected Alaska's youngest Lieutenant Governor

BUSINESS AND PROFESSIONAL POSITIONS: Served two terms on the Alaska Municipal League Board of Directors; Chairman of the National Conference of Lieutenant Governors' Committee on International Trade and Tourism; National Association of Secretaries of State; Executive Committee, Western Legislative Conference

SERVICE ORGANIZATION(S) MEMBERSHIP: Moose, Elks, American Legion, Alaska Native Brotherhood

STATEMENT:

As Lieutenant Governor, Stephen McAlpine has demonstrated leadership and foresight in a number of critical areas. While some previous Lieutenant Governor's have attempted to use the office as a personal platform and a springboard to another office, Stephen McAlpine has spent his years as Lieutenant Governor working and making a difference for Alaskans.

Fiscal Responsibility: While most politicians fight hard for larger staffs, McAlpine's first act was to reduce the size of the staff. During the previous administration as many as 18 people worked for the Lieutenant Governor. Today the staff consists of 6 employees, despite the addition of new functions by the Legislature and responding to more than 5,000 constituent requests.

McAlpine has also worked hard to open the budgetary process to all Alaskans. McAlpine initiated involving local governments in the formation of the capital budget so that projects which are most needed get funded.

Alaska Hire: Stephen McAlpine has done more than talk about local hire, he has done something about it. McAlpine has been a strong advocate for Alaska hire legislation which will make a difference, not just make politicians feel good. McAlpine has also pushed for vigorous enforcement to ensure that the law is obeyed.

Management: Under McAlpine's leadership, the Division of Elections developed a computerized voter registration system, which has been sold in other states generating revenue for Alaska. McAlpine has also computerized the system for commissioning and renewing commissions of notaries public.

STATEMENT:

Alaskans are independent people looking for a chance to make our own way. We take pride in meeting challenges.

Today, Alaskans wonder what's going to happen to them and their families, their homes and jobs. I offer this encouragement: we've been through it before. The answer is people—people with imagination, energy, and a real stake in Alaska's future.

Alaska will always be a natural resources state, and oil will continue to be the largest factor in Alaska's economy for as far ahead as we can see. We must ensure that the oil industry stays in Alaska, expanding production and resuming aggressive exploration as soon as possible. That means a stable and predictable business climate and elected leaders ready and able to help make things happen in the private sector.

At the same time, we must strengthen our other natural resource industries—fishing, mining, timber, tourism. We can make it easier to do business without jeopardizing our precious natural heritage. We can make more jobs by turning our raw materials into finished products. We can market our products—and our state—more effectively.

All Alaskans are important. All Alaskans deserve accessible state government that will make things happen, not stand in the way. They deserve honest leaders who will listen to them and act in **their** interest.

I am proud of my record of experience and leadership and my reputation for integrity. I worked very hard for both, and will work just as hard for the people of Alaska.

LIEUTENANT GOVERNOR

TERRY MILLER, Republican

MAILING ADDRESS: 701 West 36th Avenue, Suite 12
Anchorage, AK 99503

BIOGRAPHY:

- Terry Miller was raised in Alaska. He grew up in North Pole, near Fairbanks, and went to public schools in that area.
- He graduated from the University of Alaska, Fairbanks, and received a master's degree in public administration (emphasis in applied economics) at Harvard University.
- Terry Miller has experience in small business, with interest in retail and telecommunications firms. He has also worked in labor-management, where he learned first-hand the importance of building a strong economy.
- He's served in local government, with the North Pole City Council and the Fairbanks-North Star Assembly.
- He also served for ten years in the Legislature—one term in the House of Representatives and two terms in the Senate. In 1973-1975, Terry Miller served as Senate President.
- In 1978-1982, he served as Lieutenant Governor under the leadership of Governor Jay Hammond, and earned a reputation as a hard working and outspoken member of the executive team.

STATEMENT:

"I want to see a diversified Alaska, an Alaska where there are as many different individual pursuits and ways to make a living as we can possible create. There is richness of spirit in that diversity and a sense of purpose in that individualism. We must encourage and nurture our individuality, not shrink from it.

I'm running for Lieutenant Governor because I believe, as you do, that Alaska has the greatest future of any state in America and that together we can use our great resource wealth to enrich all our lives.

More than anyplace else, Alaskans have choices—tough, crucial choices that will affect the way in which we Alaskans and our children and grandchildren will live. One of those choices occurs on November 4 in the General Election for Lieutenant Governor."

OTHER: Constitutional history; ancient history; philosophy; reading

STATEMENT:

Since 1959, our elected officials have tried to work with the Congress to resolve land issues, game management, local employment, the Jones Act and federal regulations. Bureaucrats run amuck. The lower 48 have won every round. Withdrawals, freezes, federal selections, wilderness areas now cut up Alaska and they want more.

Oil companies recruit outside. Unemployment is rampant. Placer mining is dying. Bankruptcies and foreclosures are numerous. Many limited entry permits are owned outside. Our oil creates most of its jobs outside.

1986 demands a governor that is not afraid of the courts, who has a record of resisting governmental excesses by legal action and who understands the role of the State in the Federal Union.

I have whipped the borough in court on four occasions, the State on three and am now in battle with the feds in two cases and I shall win. The Constitution is still the Supreme law of our land.

I have been paid in advance by over 40 years of opportunities in Alaska. I would like to be remembered as the governor who left the same opportunities, freedoms and rights that he himself has enjoyed. This is all I would ask for the privilege to serve Alaska and you.

If you like government as it is, vote for more of the same. There are a number of experienced politicians to choose from. If you would like a change, I would like to try my hand, using the Constitution as the guiding light.

Thank you.

STATEMENT:

Dick believes that our highway system is the key to development of the Interior and that District 17 has the worst roads in the State. He believes that responsibility for maintenance of these roads should be taken out of Anchorage and Fairbanks and that district highway headquarters should be located in a community within District 17.

Alaska's Permanent Fund money should be invested in Alaska, **FOR ALASKANS**, as a way to stabilize the economy, rather than continuing the current practice of investing Alaska's money in the "Lower 48". He believes that part of this money could be used now to help Alaskans by providing low-interest loans for small businesses and homes.

Alaska has one of the finest educational systems in the nation. Dick pledges to work for continued state investment in local school districts to assure that adequate money is available to maintain these high standards. He believes the education of our youth depends on a partnership between teachers, parents, administrators, school board members and state officials.

Susan believes economic improvement that comes with new roads and improvement of our existing highway system will create jobs and encourage development.

She believes the Alaskan Permanent Fund money should be invested in Alaska for Alaskans as a means to assist in the economic recovery from the temporary recession we are experiencing. Part of Alaskan's Permanent Funds monies should come home.

Alaska has an outstanding educational system. Susan pledges to work for continued improvement by assuring sufficient monies are available. She believes in 100% state funding with the local governments paying for the extras.

Susan has a positive attitude toward natural resource development. She feels that regulations should never exceed economically usable technology.

SPECIAL INTERESTS: Softball, various sports, stamp collecting, church activities, family

STATEMENT:

Over the past 4 years I have been greatly concerned with the need to deal with our state's changing economy due to the decline of oil revenues.

We can effectively meet this challenge by making intelligent, forward-thinking choices. We must look to promoting the development of other state resources including timber, mining, fisheries, and tourism. Our policy needs to be to allow the private sector to do what it does best in each of these areas—without excessive, burdensome regulation—to boost our economy and provide jobs for Alaskans. I have initiated and supported such legislation and will continue to do so.

The next two years will be a time of re-evaluation and re-direction for our state government. As budget reductions increase, I am concerned that we cut all areas of the state equitably. Some extra programs may have to be eliminated, but I believe that adequate funds will be available to pay for the legitimate functions of government.

I am proud of what has been accomplished in the last 4 years. My legislative priorities have included obtaining funds for road projects, increased fire and emergency services, and upgrading water and sewer systems. Even now many new road projects are under study and more improvements are forthcoming.

The input I receive from constituents is the lifeline of the legislative process. Through newsletters, columns, radio, teleconferences, and letters I have attempted to be actively available to constituents.

I look forward to your continued input and would appreciate your support.

STATEMENT:

As past Chairman of the Senate Resources Committee, I stressed economic development through orderly, environmentally sound resource use to provide a diverse economic base, including tapping foreign markets. Locally, I'll pursue legislation and persuasion for resident hire.

We must provide regulatory flexibility for individuals and small businesses and I urge your support for Ballot Measure 2, which would allow the legislature to annul regulations by resolution.

As Chairman of the Senate Health, Education and Social Services Committee, I sought to implement a statewide chronically mentally ill treatment policy. I established a Fairbanks Mental Health Facility. Balancing the needs of the victims of child abuse and an intact family is imperative. Quality education is important to me as evidenced by my support of UAF and my interest in developing an equitable method to distribute state funds to schools.

We must also look closer at funding priorities as revenues decline.

I've sponsored or supported issues such as:

- Airport development and marketing
- Fairbanks Memorial Hospital addition

STATEMENT:

We are facing a period in which our State Government must once again become accountable for its actions and plan for the future rather than spend its boom money without a care. This will require leadership that is forceful, efficient, and fiscally responsible. Our elected officials must place the people and their security, jobs, and rights above the interests of the government.

We have limited industries in the interior:

- The University of Alaska Fairbanks
- The Military Presence
- Tourism
- Transportation
- Mining and Mineral Development
- Government agencies and projects

Each of these must be developed and preserved even in the face of budget difficulty. It will take a new type of leader to protect these industries and get them back on the road to development. It will take a leader who is experienced at dealing with budgets, adverse economic situations, and negotiating with power structures that are not representative of our area. With over ten years experience in tax planning and negotiating with government bureaucracies, I have acquired the tools it will take to secure the interests of the interior. Above all we need planning in our state government that will insure the current and future stability of our economy.

I will bring a new attitude to Juneau based on sound financial planning and budget reform. As an accountant, I bring a new set of qualifications and experiences particularly needed at this time to insure the state government serves its people, and protects their businesses and jobs.

STATEMENT:

Alaska is entering an era of declining state revenues. Planning for the future has been neglected by our legislature. Instead of diversifying our economy by wise use of our oil revenues, pork-barreling is the rule. The projected deficit for FY 87 is approaching one billion dollars.

New leadership is needed now! Legislators must identify and solve the numerous problems we are facing.

- Alaska needs honest and open government. Government business must be conducted openly with citizen participation.
- Alaska needs a school funding formula that funds all basic education costs equally throughout the state.
- Alaska needs to solve the local hire problem by hiring qualified Alaskans for government jobs and by working with businesses for job training programs.
- Alaska needs to identify the problems of logging, agriculture, mining, fishing and tourism industries. We must work to ensure that our citizens will have jobs and business opportunities now and 20 years from now.
- Alaska needs to ensure that the University system strives for excellence and that the expertise of the university is used to help solve social and economic problems.
- Alaska needs to encourage development of our abundant natural resources with laws and regulations that are reasonable, flexible, and affordable.

As your legislator, I will work on these issues. Together we can work for legislation that assures we remain self-reliant. Let's work to ensure that state government serves us, rather than rules us. Let's use and apply common sense to solve the problems facing the Interior.

SPECIAL INTERESTS: The people of District 19

STATEMENT:

The promises of this election year are made with the reality of falling oil prices and drastically reduced state revenues. The next legislature will have to balance a much smaller budget without windfalls or rising oil prices. You are asked to decide on who can best represent your interests in the coming sessions of a legislature that may well shape the state for the next decade and beyond.

Service in the legislature is something I take seriously, and I believe my experience and knowledge of the legislative process carry a responsibility to provide leadership in these uncharted times. The issues we face (spending, subsistence, local hire laws, child care, oil and gas legislation) are complex. Their resolution requires both knowledge and ability. Representing the people of District 19 well, and acting in the best interest of our future are my primary concerns.

As your representative I've tried to balance the many and sometimes conflicting interests within the district. I've done this by listening to you at neighborhood meetings, by sending out questionnaires, and by just trying to stay in touch.

The areas I've identified that are of particular interest to the district are: streamlining government and sharply defining its role; providing a more equitable formula for funding education statewide; assisting the mining community in its effort to meet stringent state and federal water quality standards; providing a climate for small business growth; and attending to our social needs. I intend to work on these in the 15th Alaska Legislature.

STATEMENT:

Alaska faces a challenging future. The State must deal with a decline in revenue and a general decline in our economy while fighting to maintain our commitment to education, public safety, transportation and other basic statewide needs.

We need a solid economic base to maintain that commitment and to help those people who truly need help. We must also fight for greater equity in State funding of education so that the local tax payer's burden is reduced.

We must cut down on spending while aggressively working to expand and diversify our economy and encourage private sector development. The State's influence upon resource development and the overall business climate should not be underestimated. There is a great deal more that state government could be doing to help develop our resources and improve our economy. Tourism, mining, forestry, agriculture and transportation are some of the obvious major economic opportunities which should be given serious attention.

We must also meet the state's energy demands so that we can depend on low cost power. We learned that the "mega-project" approach may not make sense and that we must involve the private sector in the solution to our long term energy needs.

The overall challenge is to do more with less and to diversify our economic base while maintaining the freedom and lifestyle that makes Alaska unique. I look forward to meeting that challenge during the next two years.

STATEMENT:

Alaska's future is not rosy but neither is it bleak. Tough budget decisions will be made and we need to protect those industries and economic contributors we enjoy: the University, tourism, the military, state and local government, mining, forestry and small business. Fairbanks workers must be kept working. They spend 93% of their earnings, right here! We need leadership which is willing to put the interests of Fairbanks first.

I have served Alaskans and Fairbanksans specifically through jobs with Congress and the State Legislature. In each, I sought to serve the needs and interests of constituents at home. Now I am asking for your vote and confidence to send me back to Juneau to continue to represent you. I know how to get the job done.

Working with Interior legislators allowed me to use my experience to assist in creating a hazardous release response fund; creating a mining grants program to help the ailing placer mining industry; securing funding for a mental health facility in Fairbanks; re-writing our local hire law; creating block grant funding for health and social services; securing a site for an alcoholism treatment facility; effecting the transfer of lands to the University of Alaska; and establishing a commission to settle the mental health lands issue. My track record is extensive, my commitment strong.

I am committed to an open legislative process, environmentally safe economic development, quality education, and maintaining our quality of life by protecting what we have and by putting Fairbanks first.

STATEMENT:

I believe service is what a legislator can best give constituents. As your Representative from House District 20, I have worked for the interests of the people of Fairbanks and the Interior.

With the substantial decline in state revenues, a strong, revitalized emphasis needs to be placed on Alaskan industries, and what state government can do to enhance them. The mining industry must be given regulatory relief. The state's tourism industry, through its spin-off effects, has a tremendous potential for assisting economic revitalization. The infant timber industry here in the Interior, holds great potential for a new economic base.

This revitalization is easier said than done. It takes work and cooperation. With this attitude during the past two years, we reduced the state budget so not to increase taxes, passed HB 627 which would've provided the miners with regulatory relief had it not been vetoed, enacted a constitutionally sound law for Alaskan hire on public work projects, and revised the state funding formula for public schools which included a provision for local contribution rates.

Continuing emphasis must be placed on Alaska's economic development to provide a strong, financially secure Alaska. The state government can and should provide leadership and assistance to private business to reach this goal. We've got a lot of work to do. I want to return to Juneau to continue working toward this goal of a strong, financially secure Alaska.

STATEMENT:

I believe Alaska has a bright future with the proper management by our state's leaders. Among the many issues facing the next legislature the economy ranks as the number one concern. Until oil prices rise we must rely on traditional Alaskan industries to put Alaskans back to work. Jobs and opportunities for all Alaskans depend upon sensible development and marketing of Alaska's resources to our Pacific Rim neighbors and the lower forty-eight. The challenge of the 15th legislature will be to encourage these industries while protecting the environment with reasonable regulations.

Education guarantees our future and government must safeguard the university and public education during times of falling revenues. In recent years the University of Alaska has taken budget cuts larger than any state department. This must not continue. We must protect our public schools from reductions which could lead to a decrease in the quality education we now enjoy. Alaska's youth deserves the best.

The results of this year's elections will determine what Alaska will be for many years to come. I believe my fellow Alaskans want a healthy, viable state where people own their land, where employment opportunities are available first to all Alaskans who want to work, where there are safe communities in which to raise and educate our children, and where every Alaskan can enjoy the quality of life which our state can offer. I will work toward these goals as your representative in District 21.

Continued downward pressure on the price of oil means that Alaska must develop new fiscal strategies to maintain a viable economy and provide the educational and public services the people of this state want and deserve. This can only be done if the elected officials of our state, legislative and administrative, work together openly and co-operatively. Alaskans can not tolerate a political "shell-game" where power-brokers and pork-barrelers "roll the legislature" on behalf of special interests in the closing days of the session. My experience during the closing days of last session showed me that we must amend our legislative rules to improve and open up our legislative procedures and better meet the 120 day limit. We should include provisions for joint House/Senate standing committees as other states have done.

Only in this way can we both meet the challenges that face our state and restore public confidence and positive productive participation in our political process and our political institutions. Public policy openly and rationally arrived at has the support of the Alaskan people.

ALASKA'S JUDICIAL RETENTION SYSTEM

Since statehood, Alaska's judges have been appointed by a merit selection system and retained in office through public elections. These procedures were established in the Alaska Constitution and statutes to assure the appointment of qualified judges and the accountability of judges to the public throughout their tenure. Retention elections for judges are both non-partisan and unopposed. Each judge stands for retention based on his or her record of judicial performance; in addition, information regarding the judge's performance is provided to all voters by the Alaska Judicial Council. If a judge is not retained in office, the position becomes vacant and a new judge is appointed by the merit selection system.

Supreme Court justices stand for retention election three years after appointment and every ten years thereafter. Court of Appeals judges stand for retention election three years after appointment and every eight years thereafter. Superior Court judges stand for retention election three years after appointment and every six years thereafter. District Court judges stand for retention election one year after appointment and every four years thereafter.

The Alaska Judicial Council is required by law to evaluate the performance of each judge standing for retention election and to publish its evaluations in the **Official Election Pamphlet**. The Council may also make recommendations about retention or non-retention of each judge. These evaluations and recommendations are contained in the following pages along with an introductory statement, by the Council, of the methods used in its evaluations. A biographical statement, provided and paid for by the judge if the judge wishes, is printed on the page facing the Alaska Judicial Council's evaluation of that judge's performance.

For the 1986 General Election, the Judicial Council has evaluated one supreme court justice and seventeen trial judges. The following eighteen judges were all found to be **QUALIFIED**, and are all recommended for retention:

SUPREME COURT: Justice Daniel A. Moore, Jr.

SUPERIOR COURT: Judge Duane K. Craske, First Judicial District
Judge Michael I. Jeffery, Second Judicial District
Judge Beverly W. Cutler, Third Judicial District
Judge Mark C. Rowland, Third Judicial District
Judge Jay Hodges, Fourth Judicial District
Judge Gerald J. Van Hoomissen, Fourth Judicial District

DISTRICT COURT: Judge Linn Asper, First Judicial District
Judge Elaine Andrews, Third Judicial District
Judge Martha Beckwith, Third Judicial District
Judge James C. Hornaday, Third Judicial District
Judge Ralph Stemp, Third Judicial District
Judge David Stewart, Third Judicial District
Judge Michael White, Third Judicial District
Judge Hugh H. Connelly, Fourth Judicial District
Judge H. Ed Crutchfield, Fourth Judicial District
Judge Jane F. Kauvar, Fourth Judicial District
Judge Christopher Zimmerman, Fourth Judicial District

EDITOR'S NOTE:

Only information regarding the supreme court justice and judges serving the districts pertinent to this pamphlet is included on the following pages.

EVALUATION OF JUDGES

The Alaska Judicial Council has a statutory duty to conduct evaluations of each judge and justice standing for retention, and to provide information and recommendations to the public about these judges. The Judicial Council was established by the state's constitution as an agency of state government, independent of the Court System, and consists of seven members: three non-attorney members appointed by the Governor and confirmed by the Legislature; three attorney members appointed by the Board of Governors of the Alaska Bar Association; and the Chief Justice, who serves as Chairman of the Council *ex officio*.

FORMAT OF EVALUATION:

The Judicial Council's evaluations of individual judges appear on the following pages, with the Judicial Council's Evaluation Page on the right-hand, facing the Judge's Statement Page (provided and paid for by each justice or judge at the judge's option). Information regarding judicial performance was based on sources available to the Judicial Council at the time of its recommendations. These sources included: Bar and Peace Officer mail surveys, a review of court and public records, professional and public testimony and personal interviews. These activities were supervised wholly by the Judicial Council and paid for by the Judicial Council out of the state general fund. Each Evaluation Page contains the following information:

The judge's name, years in the present judicial position, and scheduled date of the next retention election after 1986.

SECTION I: JUDICIAL COUNCIL EVALUATION.

The Judicial Council has evaluated each judge as "QUALIFIED" or "UNQUALIFIED" to retain his or her judicial office. The Council has also stated its recommendation to vote "YES" or "NO" to retain each judge.

SECTION II: SOURCES OF EVALUATION INFORMATION.

A. Information other than surveys. Information regarding judicial performance was based on sources available to the Judicial Council at the time of its recommendations. These sources included: Bar and Peace Officer mail surveys, a review of court and public records, professional and public testimony and personal interviews.

B. Bar and Peace Officer mail surveys. Survey forms for the evaluation of judges were mailed to all members of the Alaska Bar Association and to all peace and probation officers in the state. The graph in this Section shows average scores from the surveys completed by 831 members of the Bar Association and 494 peace and probation officers. There are four summary scores for the supreme court justice and six summary scores for each superior and district court judge. Peace and probation officers were not asked to evaluate the supreme court justice or the legal abilities of trial court judges.

Administration of the surveys was conducted wholly by the Center for Political Studies, Institute for Social Research, University of Michigan at Ann Arbor under contract to the Judicial Council.

A complete copy of the survey results may be obtained by calling or writing to the Alaska Judicial Council, 1031 West Fourth Avenue, Suite 301, Anchorage, Alaska 99501; (907) 279-2526.
