**Virginia's Ticket
To The Future**

Beyer

Governor

Payne

Lieutenant Governor

Dolan

Attorney General

Don Beyer

Governor

"As the father of four children who makes his home in Northern Virginia, I know that we must make our schools the best in the country, improve transportation and make Virginia the best place to start and grow a business. We must be both tough on crime and smart on ways to prevent it. Please join with me in building a better Virginia."

AS YOUR NEXT GOVERNOR, I will fight to make Virginia's schools the finest in the nation by raising standards, ending social promotion, making schools safe and reducing class sizes. I will make college available to more than 100,000 additional students through expanded merit-based and need-based aid.

To solve our transportation problems, I will work to reduce traffic congestion, improve mass transit and make highways safer. I'll push for timely and efficient construction of the new Woodrow Wilson Bridge.

I am committed to cutting the dropout rate in half, reducing teen pregnancy and juvenile violence. I will fight to rid our schools and neighborhoods of drugs.

As Governor, I will push for the elimination of personal property tax next year for the average Virginia taxpayer.

DON BEYER is serving his second term as Lieutenant Governor. He will be the first businessman to become Governor in forty years.

GOVERNOR

L.F. Payne

Lieutenant Governor

“Northern Virginia makes a tremendous contribution to the Commonwealth. We must promote the region’s economic vitality, strengthen its schools and improve the transportation system so that countless hours aren’t spent on congested roadways away from family and work.”

WHILE IN CONGRESS, I was a strong proponent of Goals 2000 and introduced legislation to allow Virginia’s localities to apply directly for these education dollars.

I will promote education policies that provide Virginians with the skills and training they need—beginning in kindergarten and lasting a lifetime—to compete for technology-based job opportunities.

I will work to assist high tech businesses by providing tax credits for job training.

While in Congress, I successfully fought for an additional \$650 million in transportation funds for Virginia over the last five years.

As your Lieutenant Governor, I am committed to full and fair enforcement of Virginia’s environmental protection laws.

L.F. PAYNE is a former 5th Congressional District Congressman who served on the Transportation Committee, the Veterans Committee, and the Ways and Means Committee.

Lieutenant Governor
L.F.

Bill Dolan

Attorney General

“As a lifelong resident of Northern Virginia, I understand your problems and concerns. From ensuring that we have a first-class education system, to improving transportation, to fighting juvenile drug use and crime, I will be an Attorney General you can count on to get the job done right.”

AS A FORMER CHAIR OF the Virginia Community College system, I understand the clear need for quality, affordable educational opportunities throughout the Commonwealth to ensure that Virginians are well trained for the jobs of the 21st century.

Juvenile drug arrests are up more than 350% in Virginia. As your Attorney General, I will strictly enforce our drug laws and fight for realistic drug and crime prevention programs for students in our elementary and secondary schools.

I will help restore discipline and respect for authority in our schools to keep them violence free so that teachers can teach and students can learn.

BILL DOLAN is a past President of the Virginia Bar Association, former Chair of the Virginia Community College System, and former President of the Commission on Women and Minorities in the Legal System.

House of Delegates

"Now more than ever, strong leadership is needed in Richmond to represent the 34th District and be a voice for change. I will be a leader who represents the people, not special interests. I will listen to you and take your views to Richmond."

THROUGH MY INVOLVEMENT with numerous civic organizations, coupled with an old fashioned door-to-door campaign, I have listened to voters and gained an understanding of constituent and community needs. It's clear that it's time for a change in the 34th District. We need leadership that focuses on the citizen and the community.

We need leaders who promote mass transportation and the implementation of rail to Dulles. We need leaders who believe in Virginia's quality public education system and will speak against vouchers and charter schools. We need leaders who oppose using taxpayers' money to fund a private baseball stadium. We need leaders who advocate uniform firearm regulations governing private handgun sales. We need leaders who will ensure environmental protection. I will bring this leadership to Richmond.
