OVERVIEW OF THE NOVEMBER 3RD PRESIDENTIAL GENERAL ELECTION

The Presidential General Election is the most important and perhaps the most challenging election you conduct, because it involves the highest office and greatest turnout of any D.C. election. In 1988, close to 200,000 D.C. voters participated in the Presidential General Election, with turnouts of 70% to 80% in many precincts.

To provide quality services to the greatly increased number of voters at each polling place, precinct teams must be especially well organized and well prepared for this election.

Because this is a General Election, all registered voters, regardless of party affiliation, are eligible to vote for any candidate on their ballot.

On Tuesday, November 3rd, D.C. voters will cast ballots for President and Vice-President; vote to elect public officials to partisan offices, from among major party nominees chosen in the primary and any independent or minor party candidates; vote on nonpartisan Board of Education and Advisory Neighborhood Commission Offices; and vote FOR or AGAINST Initiative Measure #41, the "District of Columbia Campaign Contribution Limitation Initiative of 1992".

There will be THREE ballot cards (One "A", One "B", and One "C") in this election. The graphics on the next two pages show the layout of the contests.

Contests on the "A" card:

- President and Vice-President (front)
- Delegate to the House of Representative (front)
- Two (2) At-Large Members of the D.C. Council (back)
- Ward Member of the D.C. Council in Wards 2,4,7 and 8 (back)
- Two (2) At-Large Members of the Board of Education (back)
- Ward Member of the Board of Education in Wards 1,3,5 and 6 (back)

Contests on the "B" card:

- U.S. Representative* (front)
- Initiative Measure #41 (front)

Contests on the "C" card:

- Advisory Neighborhood Commissioner (299 SMDs) (front side only)

* The office of "U.S. Representative" was created by the Statehood Constitutional Convention Initiative, which was approved by voters in 1980. This local office has the same title as the federal office that will exist if the District becomes a state.

Overview cont'd.

Important points of information for the November 3rd General Election:

● **Initiative Measure #41**

If approved by voters, an "Initiative Measure" creates, or initiates, a new law. Initiative #41, the "District of Columbia Campaign Contribution Limitation Initiative of 1992", if approved by voters, would limit campaign contributions by an individual to \$100 for the offices of Mayor, Council Chairman, and At-Large Councilmember. Contributions for Board of Education and Ward Councilmember offices would be limited to \$50.

Voters will cast their ballots "FOR" or "AGAINST" the Measure. Related provisions are included in the summary below:

<p><u>INITIATIVE MEASURE</u></p> <p>No. 41</p> <p><u>SHORT TITLE</u></p> <p>"District of Columbia Campaign Contribution Limitation Initiative of 1992"</p> <p>This Initiative would limit campaign contributions to elect candidates or to recall elected officials.</p> <p>Campaign funds contributed by, or received from, any individual would be limited to:</p> <ul style="list-style-type: none"> - \$100 for the offices of Mayor, Council Chairman, and Councilmember At-Large - \$50 for the offices of Board of Education or Ward Councilmember. <p>Total candidate contributions by an individual would be limited to \$600, including primary, general, and special elections. Persons in a partnership would be required to identify themselves as individual contributors, subject to limitations above, when making partnership contributions.</p> <p>This Initiative also adjusts reporting requirements to disclose more information about campaign contributors.</p>

- **Advisory Neighborhood Commission (ANC) Elections**

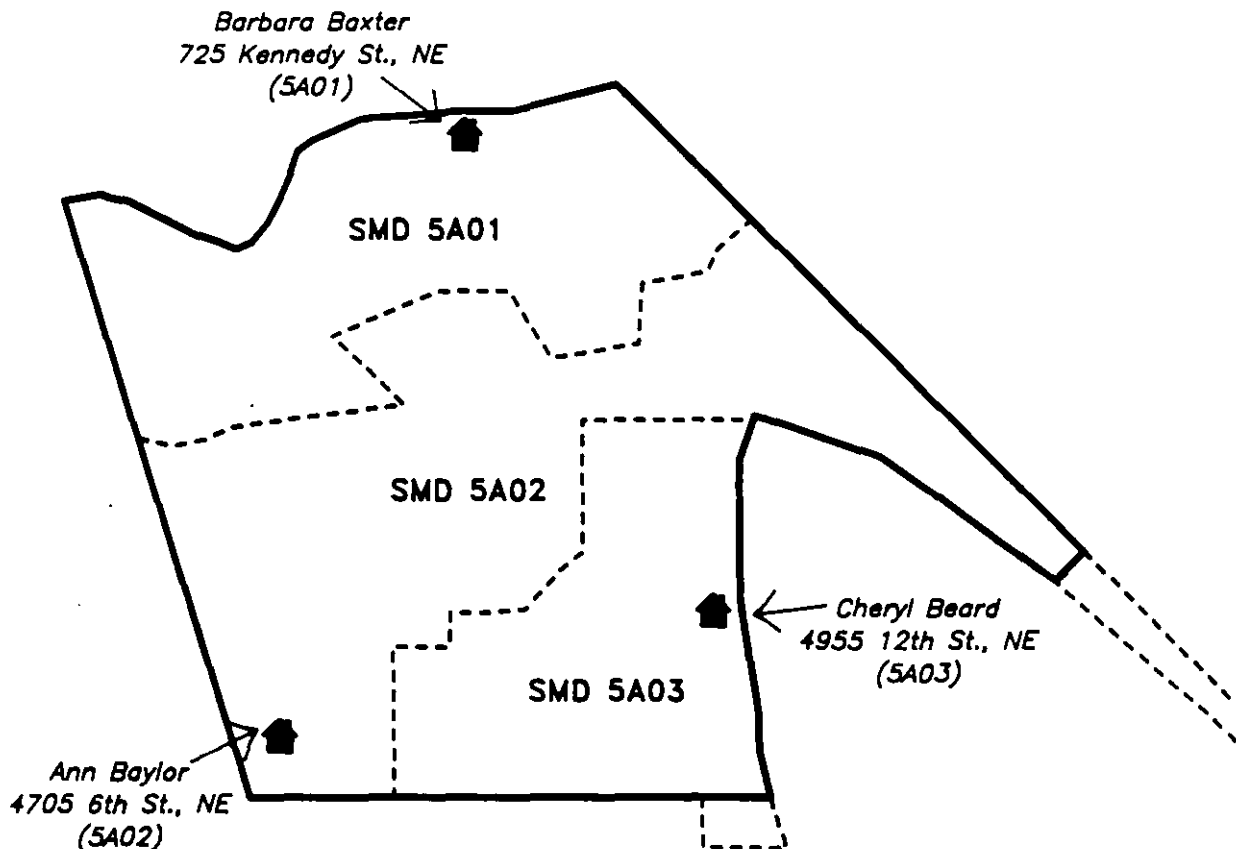

ANC's were established by the Home Rule Charter to provide a channel for citizen comment on proposals affecting residents and their neighborhoods. ANC Commissioners serve 2-year terms as unsalaried, non-partisan elected officials who represent the **299 Single Member Districts (SMD's)** that comprise the city's **37 ANC areas**.

The Advisory Neighborhood Commission/Single Member District (ANC/SMD) elections require a number of special procedures to be followed by each precinct team in order to ensure that each voter receives the ballot for the particular ANC/SMD contest in which he or she is eligible to vote. Each ANC/SMD contest within a precinct will be printed on a separate ballot card.

Because the ANC Single Member Districts are generally smaller than voting precincts and often cross precinct lines, most precincts have several SMDs or SMD "portions" within the precinct's boundaries. Depending on where a voter lives in the precinct, the voter's ANC/SMD may vary, as shown for Precinct 66 below.

DC Board of Elections and Ethics

1992 SINGLE MEMBER DISTRICT (SMD) STRUCTURE FOR PRECINCT 66

Overview cont'd.

Each voter's residence address location within the precinct thus determines the particular Single Member District in which he or she lives and the ANC ballot which the voter must be issued. The multi-color ward/precinct maps at each polling place will clearly depict the precinct and ANC/SMD boundaries involved for each team.

The left column on the Master Index will show the ANC/SMD assignment of each voter, so that the particular ANC/SMD ballot to be issued may be identified. The Master Index Clerk will write the ANC/SMD number (1A04, 3B06, etc.) from the Index on the Voter Card in the space provided.

In this way, when the Ballot Clerks (there will be two in this election) receive the Voter Card, they will know which ANC/SMD ballot to issue along with the voter's general election ballot. Each voter will vote three ballot cards--general election "A" and "B" cards and an ANC/SMD "C" card.

All precinct voters will be issued the same **yellow General Election Voter Card** by the Master Index Clerk. The **General Election ballots, which all voters receive, will also be yellow** and is designated as the "A" card and "B" card. The ANC/SMD ballot--the voter's "C" card--will be pink, where there are filed candidates in the contest, or green, where there are no filed candidates and only the write-in line appears.

Every voter will thus receive a pink or green ballot for the appropriate ANC/SMD contest, in addition to the yellow general election ballot cards that contains all the other election contests. All three ballots will be cast, using the plastic secrecy holder, in the ballot box.

The voting process is shown in a diagram on the following pages:

WHAT'S NEW FOR EACH TEAM MEMBER ON NOVEMBER 3rd

Each position is affected in several ways by the requirements of the Presidential General Election, and it is critically important that each team member performs his or her new duties correctly for voting to run smoothly. New procedures for the Presidential General Election are summarized below:

PRECINCT CAPTAIN:

- a. **Visit or call your precinct location contact person to be certain of access on Monday (supply delivery) and Tuesday (Election Day).**
- b. Prepare for large volume of voters.
- c. Adjust precinct layout to accommodate large turnout.

MASTER INDEX CLERK:

- a. Determines ANC/SMD Assignment of each voter from the Master Index.
- b. Writes the ANC/SMD number, as shown on the Master Index, on the yellow general election Voter Card before it is issued to the voter.
- c. Fills out the back of the Special Ballot Envelope when a voter disputes the ANC/SMD designation on the Master Index.

1992 ADVISORY NEIGHBORHOOD COMMISSION ELECTIONS

While most District voters will be concentrating on the Presidential contest in the November 3rd General Election, many may not realize that their complete ballot will also contain--among a number of better known local offices--one of the contests for the District's 299 Advisory Neighborhood Commission (ANC) seats. The following background information on ANCs is provided so that members of the precinct team will be able to answer basic voter questions that may arise.

WHAT IS AN ANC?

Called "a unique experience in neighborhood democracy" by the League of Women Voters, ANCs were established by the Home Rule Charter in 1974 and approved by voters in the May 7, 1974 Charter Referendum election.

ANCs function as citizen advisory boards, representing citizens of a geographically defined neighborhood area. There are a total of **37 Advisory Neighborhood Commissions** representing the various areas of the city.

The role of the ANC, as defined by the D.C. Code, includes advising the District government "... on matters of public policy including decisions regarding planning, streets, recreation, social services programs, health care, safety, and sanitation in that neighborhood commission area". The law also states that the recommendations made by the ANC "... shall be given great weight" by government agencies on matters that affect the residents of the ANC.

WHAT IS AN SMD?

ANC Commissioners are elected to serve two-year terms as unsalaried non-partisan officials who represent the residents of their neighborhood areas. The district's from which ANC Commissioners are elected are called **Single Member Districts** or "SMDs". A total of **299 SMDs** exist within the city's 37 Advisory Neighborhood Commission areas. Each SMD contains approximately 2,000 residents and elects one Commissioner to serve on the area's Advisory Neighborhood Commission.

In almost all cases, the ANCs exist within ward boundaries*, and each ANC is numbered to identify the ward where it is located. For example, ANCs 4A, 4B, 4C, and 4D lie within Ward 4. The SMDs within each ANC are numbered consecutively, e.g., SMDs 4A01, 4A02, 4A03, 4A04, 4A05, 4A06, 4A07, and 4A08 comprise ANC 4A. Candidates running for a seat on the ANC are elected by the registered voters living in the same SMD as the candidate.

* Only ANC Single Member District 3COI crosses ward lines, due to adjustments in ward boundaries following the 1990 Census.

ANC VOTING PROCEDURES

As noted earlier in the Overview, ANC Single Member Districts (SMDS) are smaller geographic units than the voting precincts and frequently cross precinct lines. As a result, each of the city's 140 polling places must be supplied with ballots for every SMD or SMD portion located within the precinct boundaries.

Each ANC/SMD contest is printed on a separate ballot card so that poll workers can issue the appropriate SMD ballot to each voter according to the SMD in which the voter resides. The Master Index for each precinct will indicate the ANC/SMD assignment of each voter so that the appropriate SMD ballot for each voter can be identified.

The listing on the following two pages shows the particular SMD ballots that must be issued at each precinct. The multi-color ward/precinct maps provided at each polling place show the ANC/SMD boundaries in detail and should be used to clarify any confusion of voters regarding the ANC/SMD in which they reside. In the event that a voter claims to reside in a different ANC/SMD from that designated on the Master Index (or MSI printout), the voter may be permitted to cast an "ANC/SMD Only Special Ballot".

The sign shown below, which outlines ANC voting procedures, will be displayed as a large poster (green on white) at each poll.

No voter may cast an ANC ballot for an SMD that is not in the precinct where voting (as shown on map).

1992 Redistricting of ANC/SMD Boundaries

Since the last ANC elections were conducted in 1990, all ANC/SMD boundaries have been subject to redistricting. As with redistricting of the election Ward boundaries, completed earlier this year, ANC/SMD boundary changes have been made to equalize populations among the Single Member Districts -- at the required level of approximately 2,000 residents per SMD.

Because the District as a whole lost population in the new U.S. Census, the total number of SMDs has been reduced -- from 323 to 299 -- so some SMDs no longer exist. In addition, many SMDs now have completely different boundaries, as a result of population shifts within the city. As a result, many ANC Commissioners will now be running in new SMDs and most voters will be assigned to a different ANC/SMD than in the past.

The new ANC/SMD boundaries are shown on the Board's new multicolor 1992 Official Maps, which will be available for inspection in each precinct. As noted, the Master Index will indicate the correct new ANC/SMD assignment for each voter, and the MSI printouts show the new ANC/SMD for each street address range. The listing of the new SMDs for each precinct is shown in the Distribution of ANC/SMDs by Voting Precinct on the following pages. Check your precinct to see which SMD ballots will now be issued by your team.

Finally, the Board in early October issued a special mailing to each of the District's 330,000+ voters (see sample below), which includes a new plastic Voter Registration Card showing the voter's 1992 new ANC/SMD assignment. All voters should have received their new plastic cards with this information before election day. You may need to explain ANC/SMD redistricting to voters, if they ask questions about changes in their ANC/SMD.

IF YOU HAVE MOVED from the address on the card, you must vote at the polling place in your new neighborhood. Here's how:

1. Go to the polling place serving your new address. (Call us ahead of time at 727-2525 for your new voting location.)
2. Bring an I.D. that shows your name and current address, such as:
 - A driver's license or non-driver's I.D.
 - An employer or government I.D. card
 - A lease, deed, utility bill, or other I.D. document showing that you live at the new address
3. Fill out a form for election day change of address. The clerk will give you a ballot. A new Voter Card will be mailed to you.

PLEASE NOTE: Your ward, precinct, ANC, or voting location may have changed due to "redistricting". This process changes election boundaries to put equal numbers of residents in each election district. Redistricting takes place every 10 years, based on new U.S. Census data. The D.C. Council approved new boundaries in January, 1992.

PRECINCT CAPTAIN

MASTER INDEX CLERK

1. Greet each voter courteously.
2. **Confirm name and address.** Ask the voter: "What is your name"? After you have found the name in the Master Index, ask the voter: "What is the address where you live"? Confirm the address by looking in the Master Index.
3. When the voter's name and address are confirmed, **have the voter sign the Master Index. Use this method:** Mark an "X" at the right hand end of the signature box and ask the voter to sign next to the "X".

Note: The signature will be upside down on this page. If the voter should object, turn the Master Index book around to be signed.
4. **Issue the voter a Voter Card.** In a Primary Election, you will issue the appropriate color Voter Card (Democratic, Republican, or D.C. Statehood) according to the party affiliation shown on the Master Index. In a General Election, you will print the voter's ANC/SMD from the Index on the Voter Card.
5. **Have the voter PRINT his/her name on the Voter Card.**
6. **Instruct the voter to take the Voter Card to the Ballot Clerk to obtain his/her ballot.**

How To Handle Possible Problem Areas Which May Occur

Voter's Address Has Changed:

If the voter's address in the Master Index is different from what the voter stated when asked, **check the appropriate box and sign on the back of the Special Ballot Envelope. Give the voter the Envelope to take to the Special Ballot Clerk. Do not issue the voter a Voter Card or allow the voter to sign the Master Index.**

Can't Find the Voter's Name:

Try looking under an alternate spelling (Examples: check RODGERS under ROGERS, MCINTOSH under MACINTOSH, SMYTHE under SMITH, etc.).

If the voter's name does not appear in the Master Index, **check the appropriate box and sign on the back of the Special Ballot Envelope. Give the voter the Envelope to take to the Special Ballot Clerk. Do not issue the voter a Voter Card.**

Report of a Deceased Voter

Use the **CORRECTION CARD** to record this information. **Be sure to have the voter sign the CORRECTION CARD. Do not make changes in the Master Index.**

Typographical Errors in the Master Index

Use the **CORRECTION CARD** to record changes. **Do not make changes in the Master Index.**

35

Voter's Name has Changed:

Permit the voter to vote by regular ballot under the previous name by printing that name on the Voter Card and signing on the correct line, in agreement with the Master Index listing. Use the CORRECTION CARD to record the new name. Be sure to have the voter sign the CORRECTION CARD.

If the voter insists on voting in the new name, use the CORRECTION CARD to record the new name and be sure to have the voter sign the CORRECTION CARD, then send him/her to the Special Ballot Clerk. Do not issue the voter a Voter Card or allow the voter to sign the Master Index.

The Letters "AV" are Printed at Both Ends of the Signature Block:

The letters "AV" indicate the voter has requested an absentee ballot. Inform the voter that he/she may vote only by the absentee ballot and may not receive a regular ballot at the polls. If the voter says that he/she did not receive the Absentee Ballot, check the appropriate box and sign on the back of the Special Ballot Envelope. Give the voter the Envelope to take to the Special Ballot Clerk. Do not issue the voter a Voter Card or allow the voter to sign the Master Index.

The Words "Not Eligible in Primary" are Printed in the Signature Block:

This will occur only in Primary Elections. Voters registered as "N-P" (no party affiliation) or "OTH" (other party) are NOT allowed to vote in Primary Elections. Only voters registered with a "major" party--Democrat, Republican, or D.C. Statehood-- are allowed to vote in their respective party's primary.

Do not issue the voter a Voter Card or allow the voter to sign the Master Index. Refer the voter to the large sign (blue on white background) "Party Primaries" posted at the Master Index Clerk Station.

Voter Claims a Different Party Registration From What the Master Index Shows:

Do not give this voter a Voter Card or allow the voter to sign the Master Index. Complete the "Different Party Registration Claimed by Voter" section on the back of the Special Ballot Envelope and send the voter to the Special Ballot Clerk.

Voter Claims a Different ANC/SMD From What the Master Index Shows:

Complete the "Different ANC/SMD Claimed by Voter" section on the back of the Special Ballot Envelope and send the voter to the Special Ballot Clerk to cast a Special Ballot for ANC only.

Refer the voter to the large sign (green on white background) "ANC/SMD Elections" posted at the Master Index Station.

BALLOT CLERK

1. The Ballot Clerk receives a Voter Card from each voter; calls the voter's name twice in a moderate tone; files the Voter Card in the small box provided for ballot accounting, and places the ballot(s) to be issued in a ballot holder with the stub(s) protruding.
 - In Primary and General Elections, you must also call out the party or SMD, respectively, in which the voter is registered. The Voter Card will indicate the type of ballot (party or SMD) each voter is to receive.
2. The voter is then handed the ballot(s) inside the ballot holder. For each ballot type, **ALWAYS ISSUE THE BALLOT IN NUMERICAL ORDER**, with the serial number beginning with "0001". This procedure is essential for accurate ballot accounting.
3. When requested by the Special Ballot Clerk, issue ballot(s) for use as a Special Ballot. Be sure to mark the Special Ballot Tally sheet, when ballot(s) are issued to the Special Ballot Clerk.

How To Handle Other Ballot Clerk Duties

Spoiled Ballots

A voter who spoils his/her ballot(s) should return all of the ballot card(s) of the type spoiled to the Ballot Clerk. Place the original ballot(s) in a Spoiled Ballot Envelope and then issue a complete new set of ballot(s) to the voter. Write the serial number of the spoiled ballot(s) and the newly issued ballot(s) on the Spoiled Ballot Envelope.

- In Primary and ANC Elections, you must also write the party, or ANC/SMD, respectively, on the Spoiled Ballot Envelope.

At the end of the day, all Spoiled Ballot Envelopes must be sealed in Envelope No. 2, and returned in the precinct supply box.

Authorized Watchers

Authorized Watchers may look at the Voter Cards you have accumulated if they desire. These cards must be returned to you. Keep the cards in the small box provided. Use a rubber band to keep the cards in packs of 50, and provide only one packet at a time to the Watchers.

Ballot Usage

Watch your ballot supply during the day. Use your "Ballot Usage" form to determine if any type of ballot reaches the number listed as 75 percent of the total issued. If you reach this level before 6:00 p.m., your Captain should call the Board's Office immediately.

Ballot Accounting

When the last voter in line at 8:00 p.m. has voted, fill out the Ballot Accounting Form:

1. Enter the next unused ballot number in the first column of Section 3.
2. Count the number of Spoiled Ballots Envelopes and write that figure in the second column.
3. Ask the Special Ballot Clerk for the number of Special Ballots cast during the day and write that figure in the third column. Compare your Special Ballot tally total with Special Ballot Clerk's totals for accuracy.
4. Count the number of Voter Cards and write that figure in the fourth column.

SPECIAL BALLOT CLERK

Basic Procedures For All Special Ballot Voters

1. Determine the reason for which the voter is required to vote by Special Ballot.
2. Check the reason for the Special Ballot on the Special Ballot Envelope and on the "Notice to Special Ballot Voters". Obtain I.D., if required.
3. Have the voter complete and sign the top portion of the Special Ballot Envelope.
THE BALLOT WILL NOT BE COUNTED IF ENVELOPE IS NOT SIGNED BY VOTER.
4. You, the worker, must also sign and write the precinct number on the Special Ballot Envelope.
5. Obtain the correct ballot(s) for the voter from the Ballot Clerk.
 - In a Primary Election, be sure to obtain the correct party ballot, according to the party affiliation entered by the voter on the Envelope. Circle the ballot type issued in the party box on the Envelope (lower left hand corner).
 - In a General Election, be sure to obtain the correct ANC/SMD ballot, according to the listing of the voter's address in the Master Street Index (MSI).
6. Stamp "Special" on the ballot and on the ballot stub.
7. Give the voter:
 - the ballot(s);
 - the inner secrecy envelope;
 - the completed and signed Special Ballot Envelope; and
 - the "Notice to Special Ballot Voters" handout
8. Direct the voter to the Special Ballot Voting Booth. After the ballot has been voted, it should be placed in the secrecy envelope and then sealed inside the Special Ballot envelope. Then direct the voter to the Ballot box where the sealed Special Ballot will be cast
9. Tally the Special Ballot by drawing a line through the next number on the Special Ballot Tally Sheet. In Primary Elections, be sure to draw a line through the next number on the correct party box on the Special Ballot Tally Sheet.

How To Process Each Special Ballot Category

Voter requests Change of Address or Reinstatement

1. Ask the voter to present identification showing their address in the voting precinct.
2. Look in the Master Street Index (MSI) to determine whether the voter's address is in your precinct.
 - a. If the voter's address is NOT located in your precinct, send the voter to the correct precinct. If the voter insists on voting in your precinct, allow them to vote by Special Ballot; however, their ballot will not be counted.
 - b. If the voter's address IS located in your precinct:
 - Check the reason for voting by Special Ballot on the Special Ballot Envelope and on the "Notice to Special Ballot Voters".
 - Indicate on the Special Ballot Envelope the type of identification presented.
 - If the voter does not have identification, check the box next to "No I.D. Presented".
3. Follow Steps 3 through 9 of the Basic Procedures above.

Voter Challenged by Watcher or Captain

1. Ask the voter to present identification showing their name and their address in the voting precinct.
2. If the Captain allows the challenge, the voter must vote by Special Ballot.
3. Indicate on the Special Ballot Envelope the type of identification presented.
 - If the voter does not have identification, check the box next to "No I.D. Presented".
4. The Captain or Authorized Watcher should complete the "Challenge of Voter" form. This is a two-sided form; use the appropriate side.
5. Attach the "Challenge of Voter" form to the back of the Special Ballot Envelope.
6. Follow Steps 2 through 9 of the Basic Procedures.

Different Party Claimed by Voter

1. Voter claims to be registered with a different party than shown on the Master Index.
 The Master Index Clerk will complete the appropriate section on the back of the Special Ballot Envelope and direct the voter to take the Envelope to the Special Ballot Clerk.
2. No identification is required.
3. Follow Steps 2 through 9 of the Basic Procedures.

Different ANC SMD Claimed by Voter

1. Voter claims to be in a different ANC/SMD than shown on the Master Index.
 - Voter makes this claim to the Master Index Clerk. This Clerk completes the appropriate section on the back of the Special Ballot Envelope and directs the voter to take the Envelope to the Special Ballot Clerk. Be sure to obtain the General Election ballot card(s), in addition to the ANC ballot for the SMD claimed by the voter, from the Ballot Clerk. Only the ANC ballot card will be placed in the Special Ballot Envelope.
 - Voter makes this claim to the Ballot Clerk. This Clerk will request you to assist the voter in voting a Special Ballot for the ANC/SMD ballot card Only. The Ballot Clerk will give you an ANC ballot card for the SMD claimed by the voter, and will also tell you the SMD listed for the voter. Use this information to complete the appropriate section on the back of the Special Ballot Envelope.

VOTING BOOTH/DEMONSTRATION CLERK

2. Give assistance in voting upon request by any voter. Record the name of the voter, the reason for needing assistance, and your name (if you are assisting) on the "List of Assisted Voters".

BE SURE YOU IN NO WAY INFLUENCE ANY VOTER ON A CHOICE OF CANDIDATE.

Voters who need assistance, may request assistance from any person of their own choosing. In this case, the voter's name, reason, and the name of the person assisting must be recorded on the "List of Assisted Voters".

3. Monitor the voting booths to make sure they remain in good working order, free of campaign materials left by voters, and supplied with pencils for voters who may wish to exercise the write-in option.
4. Assist the Captain in curbside voting and in problem situations so that he/she remains free to supervise overall operations.
5. Keep the wheelchair accessible voting booth(s) available for elderly and handicapped voters.

How to Assist the Captain in Processing a Curbside Voter

1. Obtain the Curbside Voter Packet and a voting punch.
2. Locate the voter's name on the Master Index and print the following on the Blank Master Index page for curbside voters: (See example on reverse side).
 - Registration Number
 - PRINT Last Name, First Name, Middle Name
 - PRINT Residence Address
3. Ask the Master Index Clerk handling that alpha book to write "curbside voter" in the signature block, and to issue you a Voter Card. Then go to the Ballot Clerk and obtain the ballot(s) for the voter.
4. Take curbside voter packet, voting punch, ballot(s), and Voter Card to the voter in the car.
5. Have the voter sign the Blank Master Index page in the signature block on the same line where you have recorded the name, address, etc.
6. Have the voter fill out and sign the curbside envelope and print his/her name on the Voter Card.
7. Confirm that the voter has filled out and signed the curbside envelope. If the voter has problems in completing the envelope, you may fill out the envelope and have the voter sign it. You may also print the voter's name on the Voter Card.
8. Voter votes the ballot(s) and then places the ballot card(s) in the secrecy envelope, stubs sticking out. Be sure to instruct the voter to vote BOTH SIDES of the ballot where appropriate.
9. Poll worker tears off the stub of the voted ballot card(s) in the secrecy envelope, places the secrecy envelope in the curbside envelope, and seals the curbside envelope.
10. Return to the polling place. Deposit the sealed curbside envelope in the ballot box. Give the Voter Card to the Ballot Clerk. Leave the curbside voter packet where you can pick it up again to serve another curbside voter.

BALLOT BOX CLERK

1. Voters should present their voted ballot inside the ballot holder (plastic shield).
Make sure the stub end of the ballot card(s) are protruding from the holder, then **bend the stub(s) back and forth and tear them off carefully.**
2. Give all stub(s) to the voter. They amount to a "receipt for voting."
3. **Insert the ballot holder, open side down,** into the slot of the ballot box. The ballot(s) will fall down into the Ballot Box without allowing the votes punched to be revealed. This procedure is essential to insure the voter's right to a secret ballot

Note: To ensure a clean tear, it is **preferable** for the Clerk to remove the ballot stubs. Ragged edges may cause problems in machine tabulation. However, if voters insist on removing their own ballot stub(s), they must be removed cleanly for computer tabulation.
4. **Issue an "I Voted" sticker to each voter.**
5. **When you have accumulated several ballot holders, they should be returned to the Ballot Clerk for reuse.**
