1 INTRODUCTION

1.1 Purpose

The purpose of this Request for Proposals (RFP) is to invite nonprofit and other relevant organizations that support disabled persons' access to the elections process in Thailand to submit a Response for the political participation of persons with disabilities in Thailand. The solicitation provides prospective implementing partners with the relevant operational and performance requirements.

1.2 Coverage & Participation

IFES reserves the right to reject any and all offers, to add, delete or modify any element of the solicitation at any time without prior notification and without any liability or obligation of any kind. This RFP does not obligate IFES to enter into a contract nor does it obligate IFES to pay any costs incurred in the preparation of submission of any Response.

1.3 Zero Tolerance for Fraud

IFES has zero tolerance for fraud. Fraud is any act or omission that intentionally misleads, or attempts to mislead, to obtain a benefit or to avoid an obligation. If you have concerns about potential fraud in any way related to IFES projects, contracts, or activities, please contact IFES' Compliance Hotline at compliance@ifes.org.

2 GENERAL INFORMATION

2.1 The Organization

IFES is an independent, non-governmental organization providing professional support to electoral democracy. IFES supports citizens' rights to participate in free and fair elections. Our independent expertise strengthens electoral systems and builds local capacity to deliver sustainable solutions.

As the global leader in democracy promotion, we advance good governance and democratic rights by:

- Providing technical assistance to election officials
- Empowering the underrepresented to participate in the political process
- Applying field-based research to improve the electoral cycle

Since 1987, IFES has worked in over 145 countries – from developing democracies, to mature democracies.

4 SCOPE OF WORK

The General Election Network for Disability Access (AGENDA) is a creative partnership between the International Foundation of Electoral System (IFES), disabled persons' organizations (DPOs), and election-focused civil society organizations (CSOs) in Southeast Asia. The AGENDA network's principal objectives have been to promote election access in Southeast Asia and ensure that access to disability-inclusive political processes is on the human rights agenda of regional bodies. Since 2011, AGENDA has conducted various projects such as research, election monitoring, training and advocacy on election accessibility and political participation of persons with disabilities.

AGENDA seeks a contractor in Thailand to conduct three activities: 1) support the Election Commission (EC) of Thailand to gauge their preparedness for implementing accessible elections during each stage of the electoral process by establishing the **Election Management Body (EMB) Assessment Tool in Thailand**; 2) enhance DPOs' advocacy skills in Thailand by adapting AGENDA's **Advocacy Toolkit on Political Participation for Disabled People's Organizations** for use in Thailand; and 3) improve media reporting on persons with disabilities in Thailand by adapting AGENDA's **Media Guidelines for Reporting Accessible Elections** for use in Thailand.

Election Management Body (EMB) Assessment Tool

AGENDA has developed a self-assessment tool for election management bodies to gauge their preparedness for implementing accessible elections during each stage of the electoral process. The tool can be used by EMBs to highlight critical gaps in preparations and to proactively address these issues. The EMB Assessment Tool has already been adapted for the Indonesia context and successfully used by the EMB in that country's elections.

The contractor is expected to implement the program through the following activities:

1. Tailor the EMB Assessment tool into the local context (Thailand version). *Note: Please bear in mind that the current Thai election law or election guidebook/manual must be used as references.*

2. Develop an advocacy strategy to introduce the tool to the Election Commission (EC) of Thailand so that they will adopt/use the tool to ensure they provide an accessible election at the upcoming General Election.
3. Organize advocacy meetings/workshops with EC of Thailand to discuss the EMB Assessment tool and get feedback from them.

Advocacy Toolkit on Political Participation for Disabled People's Organization

AGENDA has developed a resource toolkit to strengthen the capacity of DPOs to engage government, the EC of Thailand, media and other electoral stakeholders on election accessibility and political participation. The advocacy toolkit will be used to conduct trainings for the DPO community in Thailand and other ASEAN countries.

The contractor is expected to implement the program through the following activities:

1. Tailor the AGENDA advocacy toolkit into the local context (Thailand version) which will include facilitation of a focus group discussion to get input from the disability community and from civil society organizations who have expertise in advocacy or political participation for persons with disabilities.
2. Organize a workshop to train or to do a socialization to DPOs/ disabled young leaders who have less skill and knowledge of advocacy on political participation of person with disabilities.
3. Develop an advocacy strategy to influence election stakeholders in Thailand for inclusive elections that increase political participation for persons with disabilities.
4. Develop and implement a series of at least four advocacy activities/meetings. This will be an action plan of the advocacy strategy.

Media Guidelines for Reporting on Accessible Elections

The media is a key partner and potential champion in raising public awareness about the importance of political rights for persons with disabilities. AGENDA recognizes the importance of focused and informed media attention on the issues of political participation of persons with disabilities in order to increase the success and breadth of DPOs' advocacy efforts. Through the development of media guidelines and workshops, DPOs can strengthen the ability of journalists and editors to engage in thoughtful, accurate reporting.

The contractor is expected to implement the program through the following activities:

1. Tailor the AGENDA media guidelines into the local context (Thailand version).
2. Organize a one-day training for twenty (20) journalists based on the Thailand version of the media guidelines. Please also invite at least five (5) representatives of DPOs to the training.
3. Organize a media competition with the theme of the Yusdiana Memorial Award for Inclusive Journalism. The award will recognize journalists who produce content on participation in political and public life from a rights-based perspective. The competition can be conducted in collaboration with institutions such as EMBs, universities, media associations or government

bodies to promote and raise awareness of the award. In Indonesia, AGENDA collaborated with the Indonesian EMB and the National Press Council.

Deliverables

The contractor will be responsible for the delivery, content, quality, and accuracy of deliverables. All deliverables must be written in English and submitted to IFES for approval.

The implementing partner is expected to submit the following deliverables:

EMB Assessment Tool:

- Thailand version of AGENDA EMB Assessment Tool.
- Advocacy strategy to introduce the tool to EC of Thailand.
- Report on advocacy meetings/workshops with EC of Thailand (5-10 pages) including an overview of the events, attendant list of participants, challenges, opportunities, lesson learned and recommendations.

Advocacy Toolkit:

- Thailand version of AGENDA Advocacy Toolkit.
- Report (5-10 pages) on findings from focus group discussion including an overview of the event, attendance list, challenges, opportunities, lesson learned and recommendations as well as minutes of meeting.
- Report on the workshop (5-10 pages), including an overview of the event, attendance list, challenges, opportunities, lesson learned and recommendations.
- An advocacy strategy to influence election stakeholders in Thailand for more inclusive elections and to increase the political participation of persons with disabilities.
- Report (5-10 pages) on the implementation of above advocacy strategy, including a report of each activities/meetings, challenges, opportunities, lesson learned and recommendations.
