RFQ-20-013_Air Conditioning Unit

Questions and Answers

December 4, 2019

1. Site visit and physical observation are essentially needed in order bidder can have more information regarding installation requirement in terms of unit's location, electrical cable laying and power source.

IFES Responds: The vendor should perform a site visit prior to proposing solutions. Please contact Ahmed Mizran to schedule this (amizran@ifes.org; +218 91 055 3712)

2. Copy of drawing on AutoCAD to identify the location, routes of connecting cables, etc... Is required.

IFES Responds: The solicitation includes a blueprint of the building. A site visit can be arranged for additional information.

3. What you mean by the Groups in pricing table?

IFES Responds: The pricing groups are illustrative; the vendor can group items together if it is relevant (for example the AC motor, installation, etc). However, the vendor should indicate the prices for individual items in the quotation

4. Please can you confirm us a map of media center by auto cad program

IFES Responds: We do not have the map in auto cad, only as a PDR as shown in the solicitation document
