Q1: Clarify Results Framework.

IFES Response: The term performance indicator refers to a measurable value used to evaluate success in a project. Each indicator provided should include a target and description of how this indicator will be measured. For example:

Number	Name	Target	Description/Collection Method
1.1	Number of people registered to vote	10,000 (5,000 women)	Organization will record the names and contact details of all those who the organization supports to register to vote – number will be disaggregated by gender
