Request for Proposals RFP 21-021 Voter Turnout Survey in Tanzania

Questions and Answers

February 24, 2021

Q1. We are reviewing the RFP-21-021 and see sub-contracting is not allowed, although mention of U.S. based business is. We want to confirm no sub-contracting is indeed not allowed as this will determine if we can submit a proposal or not. We are a U.S. based company and would work on the project management, data collection tool development and analysis and reporting, but would need to work with a local company for the data collection piece of this project.

- **IFES Reponses:** Thank you for this clarification question. It is correct that sub-contracting is not allowed under this RFP. The intention of opening the solicitation to US-based firms was to allow for international firms to apply with the expectations that those who did so would have offices based in Tanzania with the capacity to conduct the necessary research in-house.
